This Aetna Dental® Preferred Provider Organization (PPO) insurance plan summary is provided by Aetna Life Insurance Company (Aetna) for some of the more frequently performed dental procedures. Under this plan, you may choose at the time of service either a PPO participating dentist or any nonparticipating dentist. With the PPO plan, savings are possible because the PPO participating dentists have agreed to provide care for covered services at the negotiated fee schedule.

**Who provides the care**

Just as the starting point for coverage under your plan is whether the services and supplies are eligible dental services, the foundation for getting covered care is through our network.

This section tells you about in-network and out-of-network providers.

**In-network providers**

In-network benefits are the highest level of coverage available. In-network benefits apply when Your care is provided by Participating Providers in our Preferred Provider Network. You should always consider receiving dental care services first through the in-network benefits portion of this Certificate.

You may select an in-network provider from the directory or by logging on to our website at www.aetnastudenthealth.com. You can search our online directory, DocFind®, for names and locations of dental providers.

You will not have to submit claims for treatment received from in-network providers. Your in-network provider will take care of that for you. And we will directly pay the in-network provider for what the plan owes.

**Out-of-network providers**

The out-of-network benefits portion of this Certificate provides coverage when You receive Covered Services from Non-Participating Providers. Your out-of-pocket expenses will be higher when You receive out-of-network benefits. In addition to Cost-Sharing, you will also be responsible for paying any difference between the Allowed Amount and the Non-Participating Provider’s charge.
Description of Benefits

The Plan excludes coverage for certain services (referred to as exceptions and exclusions in the certificate of coverage) and has limitations on the amounts it will pay. While this Plan Design and Benefit Summary document will tell you about some of the important features of the Plan, other features may be important to you, and some may further limit what the Plan will pay. To look at the full Plan description, which is contained in the Certificate of Coverage issued to you, go to www.aetnastudenthealth.com. If any discrepancy exists between this Benefit Summary and the Certificate of Coverage, the Certificate will control.

This Plan will pay benefits in accordance with any applicable New York Insurance Law(s).
