Premium

Premium – rates and amount due
The premium rates are stated in the final rates and fees schedule. We will provide you with a new final rates and fees schedule if and when the premium rates change. Any new schedule will state its effective date.

We charge premium based on the premium rates in effect on the premium due date.

The premium due on any premium due date is the sum of the premium charges for the coverage we provide. When we calculate premium due, we will use our records to determine who is a member.

You owe premium for a member starting with the first premium due date on or after the day the person’s coverage starts. You stop paying premium for a member as of the first premium due date on or after the day the person’s coverage ends.

Premium – changes in rates
We may change the premium rates on an annual basis or as allowed by federal or state law or regulation but only if:

- There is a change in factors that materially affects the risk we assumed with this coverage. We identify these factors in our rate quote to you.
- There is a change in law or regulation, or there is a judicial decision, that materially affects the cost of providing coverage.

We may change the premium rates on each anniversary date of the student policy when the terms of the student policy has changed.

We will provide 60 days prior written notice to you of any change in premium rates.

Premium – when due
Premium is due on the premium due date.

You have a payment grace period of 31 days immediately following the premium due date. The student policy will remain in force during the grace period. If we have not received all premiums due by the end of the grace period, this student policy will be terminated by us according to the Termination by us section of the student policy.

You shall pay the premium for the period that the student policy continues in force.

Premium – how billed and paid
You must pay premiums in advance unless a different timeframe has been agreed upon in writing by you and us. They can be paid at our Home Office or to our agent. We may bill you electronically. You shall pay premium due by electronic fund transfer or check. Payment occurs when we receive good funds.

We may accept a partial payment but this does not waive our right to collect the entire amount due. We may choose not to accept premium that is paid for you by someone else unless we are required to do so by any state or federal law.

Premium – eligibility corrections
Premium will always be determined based upon the effective date and termination dates of a member.
Some of our other responsibilities

We will prepare the certificate of coverage and schedule of benefits that are part of the student policy, as required by applicable federal and state laws. We will provide them to you in electronic form. We will also provide them to you in paper form if you request it.

We will provide the coverage stated in the certificate of coverage and schedule of benefits that are part of the student policy. We will administer the coverage as required by the student policy and applicable federal and state laws.

We will protect the personal health information of members as required by federal and state laws. We will use it and share it with others as needed for their care and treatment. We will also use and share it to help us process providers’ claims and otherwise help us administer the student policy. For a copy of our Notice of Privacy Practices, call the Member Services toll-free number on the back of the ID card or log on to www.aetnastudenthealth.com.

Our duties in this Some of our other responsibilities section survive termination of the student policy.

We shall distribute them to your students and their dependents, in accordance with the federal delivery, timing, and trigger requirements.

Your duties and our rights in the ACA requirements provision survive termination of the student policy.

We will distribute as required by applicable federal and state laws, the certificate of coverage, schedule of benefits, and other materials relating to enrollment and coverage features that we provide to you.

- Upon our reasonable advance request
- At our expense
- At your office
- During regular business hours

Your duties and our rights in the Information – access provision survive termination of the student policy.

Information – eligibility
You shall send us eligibility information that we request to administer the student policy. You will send us the information in the method that we require and in the format that we currently use or have approved if the format is different.

The eligibility information includes but is not limited to data needed to:

- Enroll your students and their dependents
- Process terminations
- Make changes in family status

By sending the information to us, you represent that it is correct. You acknowledge that we can and will rely on the information.

- The name of the member
- The effective date and termination date of the member's insurance
- The premium paid for the member
You shall:
- Maintain a reasonably complete record of the information you send us for at least seven years, and until the final rights and duties under the student policy have been resolved.
- Send us information you sent us before, upon request.

We will not start covering a person under the student policy until you send us the information to enroll that person. Subject to applicable federal and state laws and the student policy, we will not stop covering a person until you send us the information to terminate coverage.

You shall notify us within 30 business days of the date in which a student or a dependent loses eligibility under the student policy including a student’s withdrawal from the school.

You must notify us when a request for retroactive termination is a result of a member:
- Performing an act or omission that constitutes fraud
- Making an intentional misrepresentation of material fact

to get coverage or to get a benefit under the student policy.

Your duties and our rights in this Information – eligibility provision survive termination of the student policy.

See the Special enrollment section below for more information.

**Special enrollment**
You can enroll a person in the student plan after the the enrollment deadline date or the waiver of coverage deadline date when the special enrollment is due to:
- An administrative error caused by you, or
- A life-changing event for the person.

To enroll the person, you must:
- Submit to us a completed enrollment form for the person and
- Pay any required premium contribution

You agree to provide us or our agent within 31 days after the person’s special enrollment application:
- The name of the person
- The person’s effective date of insurance

See the Life-changing events for a person section below for more information.

**Life-changing events for a person**
Life-changing events for a person are explained in the Special Enrollment Periods section in the certificate of coverage.

If we receive the items above within 31 days of a person’s life-changing event, then the person’s insurance will take effective on the date of the person’s life-changing event.

If we receive the items more than 31 days after the date of the person’s life-changing event, then the person will not be eligible to enroll until the next open enrollment date.
Notices – termination of coverage
You shall notify members in writing, of their rights when coverage stops.

In particular, you shall notify all eligible members of their right to continue coverage pursuant to the Extension of Benefits and Continuation of Coverage sections in the certificate of coverage and applicable federal and state laws. Your notification will include:
- A description of plans available
- Premium rates
- Application forms

You will give the notification within 31 calendar days of a person becoming eligible for continuation of coverage, if any.

Your duties and our rights in the Notices – termination of coverage provision survive termination of the student policy.

Not in lieu of workers’ compensation coverage
The student policy is not a workers’ compensation policy. It does not provide workers’ compensation benefits.
Termination

Automatic termination
The student policy and all coverage end as of the last day of the grace period if you have not paid us all premiums and fees and assessments due as of the beginning of the grace period.

The grace period is described in the Premium section.

Termination by you
You may end coverage under this student policy if you give us 90 days advance written notice. The notice must include the termination date. The termination date shall not be earlier than 90 days after the date of the notice unless you and we agree. Your termination notice may apply to all classes or any class of your students covered under the student policy. You can send us a termination notice during a period for which you have paid premium, but your termination date must be after that period.

Termination by us
We may end the student policy and all or any coverage it provides:

- The Policyholder has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage. We will send 30 days advance written notice stating the effective date.
- The date that the Policyholder’s Policy is terminated. If We terminate and/or decide to stop offering a particular class of policies, without regard to claims experience or health related status, to which this Certificate belongs, We will provide the Policyholder and Students at least 90 days’ prior written notice.
- If We elect to terminate or cease offering student accident and health insurance coverage in this state, We will provide written notice to the Policyholder at least 180 days prior to when the coverage will cease.

You shall pay to us any unpaid premium if:

- The student policy terminates as to any of your students and
- Premiums have not been paid to us for the period the student policy was in force for those terminated students

Effective time of termination
The student policy and its coverage end at 11:59 p.m. on the day of termination.

Effect of termination
You, members, and we continue to be responsible following termination for the duties we each incur prior to the termination of the student policy. One of your duties includes payment of premium due for coverage through any grace period up to the day of termination. You, members, and we also continue to be responsible for your, their, and our duties that the student policy states are to occur following termination.

You, members, and we have the rights and duties following termination of the student policy, as stated specifically in the student policy.

You shall notify members of the termination of the student policy. Your notice will comply with applicable federal and state laws. We have the right to notify students of termination of the student policy.
Intentional deception

If we learn that you or a member defrauded us or that a member intentionally misrepresented material facts, we can and may take actions that can have serious consequences for coverage. These serious consequences include, but are not limited to:

- Loss of coverage, starting at some time in the past. This is called rescission.
- Loss of coverage going forward.
- Denial or termination of benefits.
- Recovery of amounts we already paid.

We also may report fraud to law enforcement.

Rescission means you or a member loses coverage both going forward and going backward. If we paid claims for past coverage, we are entitled to receive the money back.

A member has special rights if we rescind coverage just for that individual:

- We will give the member 30 days advance written notice of any rescission of coverage.
- The member has the right to an Aetna appeal.
- The member has the right to a third party review conducted by an independent external review organization.
Responsibility for conduct

Our employees and agents
We are responsible to you for what our employees and other agents do.

We are not responsible to you for what is done by others, such as providers. They are not our employees or agents. Providers in our network are what the law calls our independent contractors. That simply means we have a business relationship with them and they are not our employees or agents.

Indemnification – in general
We agree to indemnify and hold you harmless against that portion of your liability to third parties as determined by a court of final jurisdiction or by binding arbitration caused directly by our willful misconduct, criminal conduct or material breach of this student policy.

You agree to indemnify and hold us harmless against that portion of our liability to third parties as determined by a court of final jurisdiction or by binding arbitration caused directly by your negligence, breach of the student policy, breach of applicable federal and state laws, willful misconduct, criminal conduct, or fraud.

These indemnification obligations end with the student policy, except as to any matter concerning a claim that has been made in writing within 365 days after termination.

Indemnification – federal law requirements
We shall indemnify you and hold you harmless for our liability that is directly caused by our:

- Negligence
- Breach of the student policy
- Breach of federal and state laws that apply
- Willful misconduct

and our act or failure to act was related to or arose out of our obligation to deliver the SBC and notices of material modification.

Your and our rights and duties in this Responsibility for conduct section survive termination of the student policy.
General provisions

General provisions – content and interpretation of the student policy

Applicable law
Applicable law means all federal and state laws that apply to the matters covered by the student policy. Federal and state laws mean statutes, regulations, official agency direction and guidance, and judicial decisions and orders, as they may be passed or issued, or as they may be amended, from time to time.

Compliance with law
You and we shall interpret the student policy if possible so it complies with applicable federal and state laws.

If the student policy omits or misstates any right or duty under applicable federal and state laws, you and we shall implement the student policy as though the right or duty is stated correctly in the student policy.

If any provision of the student policy is invalid or illegal, you and we shall implement the student policy as though the provision is not in the student policy.

Entire student policy
The student policy replaces and supersedes:

- All other prior student policies of health coverage between us
- Any other prior written or oral understandings, negotiations, discussions or arrangements between us related to this student health coverage

Waiver
Only an officer of Aetna may waive a requirement of the student policy.

We may fail to implement or fail to insist upon compliance with a provision of the student policy at any given time or times. Our failure to implement or to insist on compliance is not a waiver of our right to implement or insist upon compliance with that provision at any other time or times.
General provisions – administration of the student policy

Aetna name, symbols, trademarks and service marks
We control the use of our name and of our symbols, trademarks and service marks presently existing or subsequently established. You shall not use any of them in advertising or promotional materials or in any other way without our prior written consent. You shall stop any and all use immediately upon our direction or upon termination of the student policy.

Assignment and delegation
You cannot assign any benefits under this Certificate to any person, corporation or other organization. Any assignment of benefits by You other than for monies due for a surprise bill will be void. Assignment means the transfer to another person or to an organization of Your right to the services provided under this Certificate. However, You may request Us to make payment for services directly to Your Provider instead of You. Nothing in this paragraph shall affect Your right to appoint a designee or representative as otherwise permitted by applicable law.

We may delegate some of our functions under the student policy to third parties. We may also change or end these delegations. We do not need to give you advance notice to enter into, change or end these arrangements, and we do not need your consent.

Claim determinations
We have with complete authority to review all denied claims for benefits under this student policy:
- To determine whether and to what extent members are entitled to benefits.
- To construe any disputed or doubtful terms under the student policy. We shall be deemed to have properly exercised our authority unless we abuse our discretion by acting arbitrarily and capriciously.

Our review of claims for benefits may include the use of software and other tools to take into account factors such as:
- An individual’s claim history
- A provider’s billing patterns
- Complexity of the service or treatment
- Amount of time and degree of skill needed
- The manner of billing

Clerical error
Clerical error, whether by the Policyholder or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

Correcting your honest mistakes
If you or any member makes an honest mistake of fact, we may make a fair change in premium. If the misstatement affects the existence or amount of coverage, we will use the true facts to determine whether coverage is or remains in effect and its amount.

Discrimination prohibited
You shall not encourage or discourage enrollment in the coverage provided by the student policy based on health status or health risk.

You shall act so as not to discriminate unfairly between persons in like situations at the time of the action.
Incontestability
No statement made by the Student in an application for coverage under this Policy shall avoid the Policy or be used in any legal proceeding unless the application or an exact copy is attached to this Policy.

Notices
The student policy requires or permits you and us to send notices to each other. These notices shall be in writing.

Notice may be delivered:
- In person, and is effective upon delivery
- By United States mail, sent first class, postage prepaid, and is effective three U.S. Postal Service delivery days following the date of mailing

You and we must designate specific e-mail addresses, facsimile numbers or other electronic means in writing for purpose of notices.

Policies and procedures
We have the right to adopt reasonable policies, procedures, rules, and interpretations of the student policy in order to promote orderly and efficient administration. You and all members are bound by, and shall comply with, them. You will certify your compliance with them upon our request or as required specifically by the student policy.

This student policy does not give any rights or impose any duties on third parties except as specifically stated.

SECTION II

How Your Coverage Works

A. Your Coverage Under this Certificate.
Your School (referred to as the “Policyholder”) has purchased a Policy from Us. We will provide the benefits described in this Certificate to covered Members of Stony Brook University, that is, to a Student and his or her Covered Dependents. However, this Certificate is not a contract between You and Us. You should keep this Certificate with Your other important papers so that it is available for Your future reference.

B. Covered Services.
You will receive Covered Services under the terms and conditions of this Certificate only when the Covered Service is:
- Medically Necessary;
- Provided by a Participating Provider for in-network coverage;
- Listed as a Covered Service;
- Not in excess of any benefit limitations described in the Schedule of Benefits section of this Certificate and
- Received while Your Certificate is in force.

C. Participating Providers.
To find out if a Provider is a Participating Provider, and for details about licensure and training:
- Check Your Provider directory, available at Your request;
- Call the number on Your ID card; or

D. The Role of Primary Care Physicians.
This Certificate does not have a gatekeeper, usually known as a Primary Care Physician (“PCP”). This Certificate requires that Student Health Services act as a Primary Care Physician (“PCP”). Although You are encouraged to receive care from Your PCP, You do not need a Referral from Student Health Services before receiving Specialist care from a Participating Provider.

However, if You do obtain a written Referral, Your Cost-Sharing may be lower. See the Schedule of Benefits section of this Certificate for Your Cost-Sharing.
For purposes of Cost-Sharing, if You seek services from a PCP (or a Physician covering for a PCP) who has a primary or secondary specialty other than general practice, family practice, internal medicine, pediatrics and OB/GYN, You must pay the specialty office visit Cost-Sharing in the Schedule of Benefits section of this Certificate when the services provided are related to specialty care. Children and Your; your Spouse covered under this Certificate do; does not need a referral.

1. **Services Not Requiring a Referral from Student Health Services.** Student Health Services is responsible for determining the most appropriate treatment for Your health care needs. You do not need a Referral from Student Health Services to a Participating Provider for the following services:
   - Primary and preventive obstetric and gynecologic services including annual examinations, care resulting from such annual examinations, treatment of Acute gynecologic conditions, or for any care related to a pregnancy from a qualified Participating Provider of such services;
   - Emergency Services;
   - Pre-Hospital Emergency Medical Services and emergency ambulance transportation;
   - Maternal depression screening
     - When the Student Health Center is closed
     - Physical Therapy
     - Chiropractic Care
     - For Covered Dependents
     - Students from the Southampton campus
     - Medical care received when more than 30 miles away from campus

   However, the Participating Provider must discuss the services and treatment plan with Student Health Services; agree to follow Our policies and procedures including any procedures regarding Referrals or Preauthorization for services other than obstetric and gynecologic services rendered by such Participating Provider; and agree to provide services pursuant to a treatment plan (if any) approved by Us. See the Schedule of Benefits section of this Certificate for the services that require a Referral.

2. **Access to Providers and Changing Providers.** Sometimes Providers in Our Provider directory are not available.

To see a Provider, call his or her office and tell the Provider that You are a Member, and explain the reason for Your visit. Have Your ID card available. The Provider’s office may ask You for Your Member ID number. When You go to the Provider’s office, bring Your ID card with You.

E. **Out-of-Network Services.**

We Cover the services of Non-Participating Providers. However, some services are only Covered when You go to a Participating Provider. See the Schedule of Benefits section of this Certificate for the Non-Participating Provider services that are Covered. In any case where benefits are limited to a certain number of days or visits, such limits apply in the aggregate separately to in-network and out-of-network services.

F. **Services Subject to Preauthorization.**

Our Preauthorization is required before You receive certain Covered Services. Student Health Services is responsible for requesting Preauthorization for in-network services and You are responsible for requesting Preauthorization for the out-of-network services listed in the Schedule of Benefits section of this Certificate.
G. Preauthorization Procedure.
If You seek coverage for services that require Preauthorization You must call Us at the number on Your ID card.

You must contact Us to request Preauthorization as follows:

- At least two (2) weeks prior to a planned admission or surgery when Your Provider recommends inpatient Hospitalization. If that is not possible, then as soon as reasonably possible during regular business hours prior to the admission.

- At least two (2) weeks prior to ambulatory surgery or any ambulatory care procedure when Your Provider recommends the surgery or procedure be performed in an ambulatory surgical unit of a Hospital or in an Ambulatory Surgical Center. If that is not possible, then as soon as reasonably possible during regular business hours prior to the surgery or procedure.

- Within the first three (3) months of a pregnancy, or as soon as reasonably possible and again within 48 hours after the actual delivery date if Your Hospital stay is expected to extend beyond 48 hours for a vaginal birth or 96 hours for cesarean birth.

- Before air ambulance services are rendered for a non-Emergency Condition.

After receiving a request for approval, We will review the reasons for Your planned treatment and determine if benefits are available. Criteria will be based on multiple sources which may include medical policy, clinical guidelines, and pharmacy and therapeutic guidelines.

H. Failure to Seek Preauthorization.
If You fail to seek Our Preauthorization for benefits subject to this section, We will pay an amount of $500 less than We would otherwise have paid for the care, or We will pay only 50% of the amount We would otherwise have paid for the care, whichever results in a greater benefit for You. You must pay the remaining charges. We will pay the amount specified above only if We determine the care was Medically Necessary even though You did not seek Our Preauthorization or provide notification. If We determine that the services were not Medically Necessary, You will be responsible for paying the entire charge for the service.

I. Medical Management.
The benefits available to You under this Certificate are subject to pre-service, concurrent and retrospective reviews to determine when services should be covered by Us. The purpose of these reviews is to promote the delivery of cost-effective medical care by reviewing the use of procedures and, where appropriate, the setting or place the services are performed. Covered Services must be Medically Necessary for benefits to be provided.

J. Medical Necessity.
We Cover benefits described in this Certificate as long as the health care service, procedure, treatment, test, device, Prescription Drug or supply (collectively, “service”) is Medically Necessary. The fact that a Provider has furnished, prescribed, ordered, recommended, or approved the service does not make it Medically Necessary or mean that We have to Cover it.

We may base Our decision on a review of:

- Your medical records;
- Our medical policies and clinical guidelines;
- Medical opinions of a professional society, peer review committee or other groups of Physicians;
- Reports in peer-reviewed medical literature;
- Reports and guidelines published by nationally-recognized health care organizations that include supporting scientific data;
• Professional standards of safety and effectiveness, which are generally-recognized in the United States for diagnosis, care, or treatment;
• The opinion of Health Care Professionals in the generally-recognized health specialty involved;
• The opinion of the attending Providers, which have credence but do not overrule contrary opinions.

Services will be deemed Medically Necessary only if:
• They are clinically appropriate in terms of type, frequency, extent, site, and duration, and considered effective for Your illness, injury, or disease;
• They are required for the direct care and treatment or management of that condition;
• Your condition would be adversely affected if the services were not provided;
• They are provided in accordance with generally-accepted standards of medical practice;
• They are not primarily for the convenience of You, Your family, or Your Provider;
• They are not more costly than an alternative service or sequence of services, that is at least as likely to produce equivalent therapeutic or diagnostic results;
• When setting or place of service is part of the review, services that can be safely provided to You in a lower cost setting will not be Medically Necessary if they are performed in a higher cost setting. For example, we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis.

See the Utilization Review and External Appeal sections of this Certificate for Your right to an internal Appeal and external appeal of Our determination that a service is not Medically Necessary.

K. Protection from Surprise Bills.
1. A surprise bill is a bill You receive for Covered Services in the following circumstances:
   • For services performed by a non-participating Physician at a participating Hospital or Ambulatory Surgical Center, when:
     o A participating Physician is unavailable at the time the health care services are performed;
     o A non-participating Physician performs services without Your knowledge; or
     o Unforeseen medical issues or services arise at the time the health care services are performed.
   A surprise bill does not include a bill for health care services when a participating Physician is available and You elected to receive services from a non-participating Physician.

   • You were referred by a participating Physician to a Non-Participating Provider without Your explicit written consent acknowledging that the referral is to a Non-Participating Provider and it may result in costs not covered by Us. For a surprise bill, a referral to a Non-Participating Provider means:
     o Covered Services are performed by a Non-Participating Provider in the participating Physician’s office or practice during the same visit;
     o The participating Physician sends a specimen taken from You in the participating Physician’s office to a non-participating laboratory or pathologist; or
     o For any other Covered Services performed by a Non-Participating Provider at the participating Physician’s request, when Referrals are required under Your Certificate.

   You will be held harmless for any non-participating Provider charges for the surprise bill that exceed Your In-Network Copayment, Coinsurance or Deductible if You assign benefits to the non-participating Provider in writing. In such cases, the non-participating Provider may only bill You for Your In-Network Copayment, Coinsurance or Deductible.

   The assignment of benefits form for surprise bills is available at www.dfs.ny.gov or You can visit Our website at www.aetnastudenthealth.com for a copy of the form. You need to mail a copy of the assignment of benefits form to Us at the address on Your ID card and to Your Provider.
2. **Independent Dispute Resolution Process.** Either We or a Provider may submit a dispute involving a surprise bill to an independent dispute resolution entity (IDRE) assigned by the state. Disputes are submitted by completing the IDRE application form, which can be found at dfs.ny.gov. The IDRE will determine whether Our payment or Provider’s charge is reasonable within 30 days of receiving the dispute.

L. **Delivery of Covered Services Using Telehealth.**
If Your Participating Provider offers Covered Services using telehealth, We will not deny the Covered Services because they are delivered using telehealth. Covered Services delivered using telehealth may be subject to utilization review and quality assurance requirements and other terms and conditions of the Certificate that are at least as favorable as those requirements for the same service when not delivered using telehealth. “Telehealth” means the use of electronic information and communication technologies by a Participating Provider to deliver Covered Services to You while Your location is different than Your Provider’s location.

M. **Case Management.**
Case management helps coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary. These programs are given at no extra cost to You and do not change Covered Services. If You meet program criteria and agree to take part, We will help You meet Your identified health care needs. This is reached through contact and team work with You and/or Your authorized representative, treating Physician(s), and other Providers. In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs, which may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care through Our case management program that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Certificate. We will make Our decision on a case-by-case basis if We determine the alternate or extended benefit is in the best interest of You and Us.

Nothing in this provision shall prevent You from appealing Our decision. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

SECTION III

Access to Care and Transitional Care

A. Referral to a Non-Participating Provider.
If We determine that We do not have a Participating Provider that has the appropriate training and experience to treat Your condition, We will approve a Referral to an appropriate Non-Participating Provider. Your Participating Provider or You must request prior approval of the Referral to a specific Non-Participating Provider. Approvals of Referrals to Non-Participating Providers will not be made for the convenience of You or another treating Provider and may not necessarily be to the specific Non-Participating Provider You requested. If We approve the Referral, all services performed by the Non-Participating Provider are subject to a treatment plan approved by Us in consultation with Student Health Services, the Non-Participating Provider and You. Covered Services rendered by the Non-Participating Provider will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. In the event a Referral is not approved, any services rendered by a Non-Participating Provider will be Covered as an out-of-network benefit if available.

B. When a Specialist Can Be Your Primary Care Physician.
If You have a life-threatening condition or disease or a degenerative and disabling condition or disease that requires specialty care over a long period of time, You may ask that a Specialist who is a Participating Provider be Your PCP. We will consult with the Specialist and Student Health Services and decide whether the Specialist should be Your PCP. Any Referral will be pursuant to a treatment plan approved by Us in consultation with Student Health Services, the Specialist and You. We will not approve a non-participating Specialist unless We determine that We do not have an appropriate Provider in Our network. If We approve a non-participating Specialist, Covered Services rendered by the non-participating Specialist pursuant to the approved treatment plan will be paid as if they were provided by a Participating Provider. You will only be responsible for any applicable in-network Cost-Sharing.

C. Standing Referral to a Participating Specialist.
If You need ongoing specialty care, You may receive a “standing Referral” to a Specialist who is a Participating Provider. This means that You will not need a new Referral from Student Health Services every time You need to see that Specialist. We will consult with the Specialist and Student Health Services and decide whether You should have a standing Referral. Any Referral will be pursuant to a treatment plan approved by Us in consultation with Student Health Services, the Specialist and You. The treatment plan may limit the number of visits, or the period during which the visits are authorized and may require the Specialist to provide Student Health Services with regular updates on the specialty care provided as well as all necessary medical information. We will not approve a standing Referral to a non-participating Specialist unless We determine that We do not have an appropriate Provider in Our network. If We approve a standing Referral to a non-participating Specialist, Covered Services rendered by the non-participating Specialist pursuant to the approved treatment plan will be paid as if they were provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.
D. Specialty Care Center.
If You have a life-threatening condition or disease or a degenerative and disabling condition or disease that requires specialty care over a long period of time, You may request a Referral to a specialty care center with expertise in treating Your condition or disease. A specialty care center is a center that has an accreditation or designation from a state agency, the federal government or a national health organization as having special expertise to treat Your disease or condition. We will consult with Student Health Services, Your Specialist, and the specialty care center to decide whether to approve such a Referral. Any Referral will be pursuant to a treatment plan developed by the specialty care center, and approved by Us in consultation with Student Health Services or Specialist and You. We will not approve a Referral to a non-participating specialty care center unless We determine that We do not have an appropriate specialty care center in Our network. If We approve a Referral to a non-participating specialty care center, Covered Services rendered by the non-participating specialty care center pursuant to the approved treatment plan will be paid as if they were provided by a participating specialty care center. You will be responsible only for any applicable in-network Cost-Sharing.

E. When Your Provider Leaves the Network.
If You are in an ongoing course of treatment when Your Provider leaves Our network, then You may be able to continue to receive Covered Services for the ongoing treatment from the former Participating Provider for up to 90 days from the date Your Provider’s contractual obligation to provide services to You terminates. If You are pregnant and in Your second or third trimester, You may be able to continue care with a former Participating Provider through delivery and any postpartum care directly related to the delivery.

In order for You to continue to receive Covered Services for up to 90 days or through a pregnancy with a former Participating Provider, the Provider must agree to accept as payment the negotiated fee that was in effect just prior to the termination of Our relationship with the Provider. The Provider must also agree to provide Us necessary medical information related to Your care and adhere to Our policies and procedures, including those for assuring quality of care, obtaining Preauthorization, Referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing. Please note that if the Provider was terminated by Us due to fraud, imminent harm to patients or final disciplinary action by a state board or agency that impairs the Provider’s ability to practice, continued treatment with that Provider is not available.

F. New Members In a Course of Treatment.
If You are in an ongoing course of treatment with a Non-Participating Provider when Your coverage under this Certificate becomes effective, You may be able to receive Covered Services for the ongoing treatment from the Non-Participating Provider for up to 60 days from the effective date of Your coverage under this Certificate. This course of treatment must be for a life-threatening disease or condition or a degenerative and disabling condition or disease. You may also continue care with a Non-Participating Provider if You are in the second or third trimester of a pregnancy when Your coverage under this Certificate becomes effective. You may continue care through delivery and any post-partum services directly related to the delivery.

In order for You to continue to receive Covered Services for up to 60 days or through pregnancy, the Non-Participating Provider must agree to accept as payment Our fees for such services. The Provider must also agree to provide Us necessary medical information related to Your care and to adhere to Our policies and procedures including those for assuring quality of care, obtaining Preauthorization, Referrals, and a treatment plan approved by Us. If the Provider agrees to these conditions, You will receive the Covered Services as if they were being provided by a Participating Provider. You will be responsible only for any applicable in-network Cost-Sharing.
SECTION IV

Cost-Sharing Expenses and Allowed Amount

A. Deductible.
Except where stated otherwise, You must pay the amount in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services during each Plan Year before We provide coverage. If You have other than individual coverage, the individual Deductible applies to each person covered under this Certificate.

You have a separate In-Network and Out-of-Network Deductible. Cost-Sharing for out-of-network services; does not apply toward Your In-Network Deductible. Cost-Sharing for in-network services does not apply toward Your Out-of-Network Deductible. Any charges of a Non-Participating Provider that are in excess of the Allowed Amount do not apply toward the Deductible.

B. Copayments.
Except where stated otherwise, after You have satisfied the Deductible as described above, You must pay the Copayments, or fixed amounts, in the Schedule of Benefits section of this Certificate for Covered in-network and out-of-network Services. However, when the Allowed Amount for a service is less than the Copayment, You are responsible for the lesser amount.

C. Coinsurance.
Except where stated otherwise, after You have satisfied the Deductible described above, You must pay a percentage of the Allowed Amount for Covered Services. We will pay the remaining percentage of the Allowed Amount as Your in-network or out-of-network benefit as shown in the Schedule of Benefits section of this Certificate. You must also pay any charges of a Non-Participating Provider that are in excess of the Allowed Amount.

D. In-Network Out-of-Pocket Limit.
When You have met Your In-Network Out-of-Pocket Limit in payment of In-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered in-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual In-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for the rest of that Plan Year for that person.

Cost-Sharing for out-of-network services, except for Emergency Services, does not apply toward Your In-Network Out-of-Pocket Limit.

This Certificate has a separate Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate for out-of-network benefits. When You have met Your Out-of-Network Out-of-Pocket Limit in payment of Out-of-Network Copayments, Deductibles and Coinsurance for a Plan Year in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the remainder of that Plan Year. If You have other than individual coverage, once a person within a family meets the individual Out-of-Network Out-of-Pocket Limit in the Schedule of Benefits section of this Certificate, We will provide coverage for 100% of the Allowed Amount for Covered out-of-network Services for the rest of that Plan Year for that person.

Cost-Sharing for in-network services does not apply toward Your Out-of-Network Out-of-Pocket Limit.
F. **Your Additional Payments for Out-of-Network Benefits.**
When You receive Covered Services from a Non-Participating Provider, in addition to the applicable Copayments, Deductibles and Coinsurance described in the Schedule of Benefits section of this Certificate, You must also pay the amount, if any, by which the Non-Participating Provider’s actual charge exceeds Our Allowed Amount. This means that the total of Our coverage and any Cost-Sharing amounts You pay may be less than the Non-Participating Provider’s actual charge.

When You receive Covered Services from a Non-Participating Provider, We will apply nationally-recognized payment rules to the claim submitted for those services. These rules evaluate the claim information and determine the accuracy of the procedure codes and diagnosis codes for the services You received. Sometimes, applying these rules will change the way that We pay for the services. This does not mean that the services were not Medically Necessary. It only means that the claim should have been submitted differently. For example, Your Provider may have billed using several procedure codes when there is a single code that includes all of the separate procedures. We will make one (1) inclusive payment in that case rather than a separate payment for each billed code. Another example of when We will apply the payment rules to a claim is when You have surgery that involves two (2) surgeons acting as “co-surgeons”. Under the payment rules, the claim from each Provider should have a “modifier” on it that identifies it as coming from a co-surgeon. If We receive a claim that does not have the correct modifier, We will change it and make the appropriate payment.

G. **Allowed Amount.**
“Allowed Amount” means the maximum amount We will pay for the services or supplies Covered under this Certificate, before any applicable Copayment, Deductible and Coinsurance amounts are subtracted. We determine Our Allowed Amount as follows:

The Allowed Amount for Participating Providers will be the amount We have negotiated with the Participating Provider.

Our payments to Participating Providers may include financial incentives to help improve the quality of care and promote the delivery of Covered Services in a cost-efficient manner. Payments under this financial incentive program are not made as payment for a specific Covered Service provided to You. Your Cost-Sharing will not change based on any payments made to or received from Participating Providers as part of the financial incentive program.
The Allowed Amount for Non-Participating Providers will be determined as follows:

1. **Facilities**
   For Facilities, the Allowed Amount will be 140% of the Centers for Medicare and Medicaid Services Prospective Payment System (PPS) amount.

2. **For All Other Providers.**
   For all other Providers, the Allowed Amount will be 105% of the Centers for Medicare and Medicaid Services Provider fee schedule, as applicable to the Provider type.

   Our Allowed Amount for Non-Participating Providers equates to approximately 100% of UCR. For this purpose, UCR is the FAIR Health rate at the 80th percentile.

3. **Physician-Administered Pharmaceuticals.**
   For Physician-administered pharmaceuticals, We use gap methodologies that are similar to the pricing methodology used by the Centers for Medicare and Medicaid Services, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or Us based on an internally developed pharmaceutical pricing resource if the other methodologies have no pricing data available for a Physician-administered pharmaceutical or special circumstances support an upward adjustment to the other pricing methodology.

   **Our Allowed Amount is not based on UCR. The Non-Participating Provider’s actual charge may exceed Our Allowed Amount. You must pay the difference between Our Allowed Amount and the Non-Participating Provider’s charge. Contact Us at the number on Your ID card or visit Our website www.aetnastudenthealth.comfor information on Your financial responsibility when You receive services from a Non-Participating Provider.**

   Medicare based rates referenced in and applied under this section shall be updated no less than annually.

   See the Emergency Services and Urgent Care section of this Certificate for the Allowed Amount for an Emergency Condition.
SECTION V

Who is Covered

A. Who is Covered Under this Certificate.
You, the Student to whom this Certificate is issued, are covered under this Certificate. Members of Your family may also be covered depending on the type of coverage You selected.

B. Types of Coverage.
We offer the following types of coverage:

1. Individual. If You selected individual coverage, then You are covered.

2. Individual and Spouse. If You selected individual and Spouse coverage, then You and Your Spouse are covered.

3. Parent and Child/Children. If You selected parent and child/children coverage, then You and Your Child or Children, as described below, are covered.

4. Family. If You selected family coverage, then You and Your Spouse and Your Child or Children, as described below, are covered.

C. Children Covered Under this Certificate.
If You selected parent and child/children or family coverage, Children covered under this Certificate include Your natural Children, legally adopted Children, step Children, and Children for whom You are the proposed adoptive parent without regard to financial dependence, residency with You, student status or employment. A proposed adopted Child is eligible for coverage on the same basis as a natural Child during any waiting period prior to the finalization of the Child’s adoption. Coverage lasts until the end of the year in which the Child turns 26 years of age. Coverage also includes Children for whom You are a legal guardian if the Children are chiefly dependent upon You for support and You have been appointed the legal guardian by a court order. Foster Children and grandchildren are covered.

Any unmarried dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the New York Mental Hygiene Law), or physical handicap and who became so incapable prior to attainment of the age at which the Child’s coverage would otherwise terminate and who is chiefly dependent upon You for support and maintenance, will remain covered while Your insurance remains in force and Your Child remains in such condition. You have 31 days from the date of Your Child's attainment of the termination age to submit an application to request that the Child be included in Your coverage and proof of the Child’s incapacity. We have the right to check whether a Child is and continues to qualify under this section.

We have the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered Student and all other prospective or covered Members in relation to eligibility for coverage under this Certificate at any time.
D. When Coverage Begins.
Coverage under this Certificate will begin as follows:

1. If You, the Student, elect coverage before becoming eligible, or within 60 days of becoming eligible for other than a special enrollment period, coverage begins on the date You become eligible, or on the date determined by Stony Brook University. Stony Brook University cannot impose waiting periods that exceed 90 days.

2. If You, the Student, do not elect coverage upon becoming eligible or within 60 days of becoming eligible for other than a special enrollment period, You must wait until the Policyholder’s next open enrollment period to enroll, except as provided below.

3. If You, the Student, marry while covered, and We receive notice of such marriage within 60 days thereafter, coverage for Your Spouse and Child starts on the first day of the month following such marriage. If We do not receive notice within 60 days of the marriage, You must wait until the Policyholder’s next open enrollment period to add Your Spouse or Child.

4. If You, the Student, have a newborn or adopted newborn Child and We receive notice of such birth within 30 days thereafter, coverage for Your newborn starts at the moment of birth; otherwise, coverage begins on the date on which We receive notice. Your adopted newborn Child will be covered from the moment of birth if You take physical custody of the infant as soon as the infant is released from the Hospital after birth and You file a petition pursuant to Section 115-c of the New York Domestic Relations Law within 30 days of the infant’s birth; and provided further that no notice of revocation to the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, We will not provide Hospital benefits for the adopted newborn’s initial Hospital stay if one of the infant’s natural parents has coverage for the newborn’s initial Hospital stay. If You have individual or individual and Spouse coverage, You must also notify Us of Your desire to switch to parent and child/children or family coverage and pay any additional Premium within 30 days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage begins on the date on which We receive notice, provided that You pay any additional Premium when due.

E. Special Enrollment Periods.
You, and Your Spouse or Child can also enroll for coverage within 60 days of the loss of coverage in a health plan if coverage was terminated because You, Your Spouse or Child are no longer eligible for coverage under the other health plan due to:

1. Termination of employment;
2. Termination of the other health plan;
3. Death of the Spouse;
4. Legal separation, divorce or annulment;
5. Reduction of hours of employment;
6. Employer contributions toward a health plan were terminated for You or Your Dependent’s Coverage; or
7. A Child no longer qualifies for coverage as a Child under another health plan.

You, Your Spouse or Child can also enroll 60 days from exhaustion of Your COBRA or continuation coverage or if You gain a Dependent or become a Dependent through marriage, birth, adoption or placement for adoption.

We must receive notice and Premium payment within 60 days of the loss of coverage. The effective date of Your coverage will depend on when We receive Your application. If Your application is received between the first and fifteenth day of the month, Your coverage will begin on the first day of the following month. If Your application is received between the sixteenth day and the last day of the month, Your coverage will begin on the first day of the second month.

Pre-Hospital Emergency Medical Services and ambulance services for the treatment of an Emergency Condition do not require Preauthorization.

A. Emergency Ambulance Transportation.

We Cover Pre-Hospital Emergency Medical Services for the treatment of an Emergency Condition when such services are provided by an ambulance service.

“Pre-Hospital Emergency Medical Services” means the prompt evaluation and treatment of an Emergency Condition and/or non-airborne transportation to a Hospital. The services must be provided by an ambulance service issued a certificate under the New York Public Health Law. We will, however, only Cover transportation to a Hospital provided by such an ambulance service when a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of such transportation to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

An ambulance service may not charge or seek reimbursement from You for Pre-Hospital Emergency Medical Services except for the collection of any applicable Copayment, Deductible or Coinsurance.

We Cover Pre-Hospital Emergency Medical Services and emergency ambulance transportation worldwide.

B. Non-Emergency Ambulance Transportation.

We Cover non-emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as appropriate) between Facilities when the transport is any of the following:

- From a non-participating Hospital to a participating Hospital;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective Acute care Facility; or
- From an Acute care Facility to a sub-Acute setting.

C. Limitations/Terms of Coverage.

- We do not Cover travel or transportation expenses, unless connected to an Emergency Condition or due to a Facility transfer approved by Us, even though prescribed by a Physician.

- Coverage for air ambulance related to an Emergency Condition or air ambulance related to non-emergency transportation is provided when Your medical condition is such that transportation by land ambulance is not appropriate; and Your medical condition requires immediate and rapid ambulance transportation that cannot be provided by land ambulance; and one (1) of the following is met:
  - The point of pick-up is inaccessible by land vehicle; or
  - Great distances or other obstacles (e.g., heavy traffic) prevent Your timely transfer to the nearest Hospital with appropriate facilities.

Please refer to the Schedule of Benefits section of this Certificate for Cost-Sharing requirements, day or visit limits, and any Preauthorization or Referral requirements that apply to these benefits.

A. Emergency Services.

We define an “Emergency Condition” to mean: A medical or behavioral condition that manifests itself by Acute symptoms of sufficient severity, including severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily functions;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

For example, an Emergency Condition may include, but is not limited to, the following conditions:

- Sudden change in mental status (e.g., disorientation)
- Severe bleeding
- Acute pain or conditions requiring immediate attention such as suspected heart attack or appendicitis

Please follow the instructions listed below regardless of whether or not You are in Our Service Area at the time Your Emergency Condition occurs:

1. Hospital Emergency Department Visits. In the event that You require treatment for an Emergency Condition, seek immediate care at the nearest Hospital emergency department or call 911. Emergency Department Care does not require Preauthorization. However, only Emergency Services for the treatment of an Emergency Condition are Covered in an emergency department.

   We do not Cover follow-up care or routine care provided in a Hospital emergency department.

2. Emergency Hospital Admissions. In the event that You are admitted to the Hospital, You or someone on Your behalf must notify Us at the number listed in this Certificate and on Your ID card within 48 hours of Your admission, or as soon as is reasonably possible.
3. **Payments Relating to Emergency Services Rendered.** The amount We pay a Non-Participating Provider for Emergency Services will be

the greater of: 1) the amount We have negotiated with Participating Providers for the Emergency Service (and if more than one amount is negotiated, the median of the amounts); 2) 100% of the Allowed Amount for services provided by a Non-Participating Provider (i.e., the amount We would pay in the absence of any Cost-Sharing that would otherwise apply for services of Non-Participating Providers); or 3) the amount that would be paid under Medicare. The amounts described above exclude any Copayment or Coinsurance that applies to Emergency Services provided by a Participating Provider.

If a dispute involving a payment for physician services is submitted to an independent dispute resolution entity (“IDRE”), We will pay the amount, if any, determined by the IDRE for the physician services.

You are responsible for any in-network Copayment, Deductible or Coinsurance. You will be held harmless for any Non-Participating Provider charges that exceed Your Copayment, Deductible or Coinsurance.

**B. Urgent Care.**

Urgent Care is medical care for an illness, injury or condition serious enough that a reasonable person would seek care right away, but not so severe as to require Emergency Department Care. Urgent Care is typically available after normal business hours, including evenings and weekends. **Urgent Care is Covered in or out of Our Service Area.**

1. **In-Network.** We Cover Urgent Care from a Physician or a participating Urgent Care Center. You do not need to contact Us prior to or after Your visit.

2. **Out-of-Network.** We Cover Urgent Care from a non-participating Urgent Care Center or Physician

If Urgent Care results in an emergency admission, please follow the instructions for emergency Hospital admissions described above.

Teladoc is a highly affordable, more convenient and timelier alternative to Emergency Room (ER) and Urgent Care (UC) center visits for non-emergency medical care. Using Teladoc can be extremely convenient by preventing the need to arrange for transportation or travel, childcare, and time off from work just to visit a doctor! Note that Teladoc is not designed to replace a Primary Care Physician (PCP) relationship, but rather supplement a member’s access to care as an additional and more efficient option.

Teladoc offers members the ability to consult with a national network of U.S. board-certified family practitioners, PCPs, pediatricians and internists to diagnose, recommend treatment, and write short-term (non-DEA prescriptions), when necessary. Consultations are available by telephone as well as by online video using Teladoc.com or through the Teladoc Member mobile app. Teladoc can provide effective resolution to a wide range of common and routine illnesses helping prevent unnecessary use of the ER or Urgent Care centers.
Some of the more common illnesses that Teladoc handles are as follows:

- (Episodic) Behavioral Health needs (such as Anxiety, Panic Attacks and Depression)
- Bronchitis

A family member will be deemed to be covered, for the purposes of this provision, so long as that family member: 1) identifies himself or herself as a family member of a person suffering from substance use disorder; and 2) is covered under the same family Certificate that covers the person receiving, or in need of, treatment for substance use disorder. Our payment for a family member therapy session will be the same amount, regardless of the number of family members who attend the family therapy session.

B. Refills.
We Cover Refills of Prescription Drugs only when dispensed at a retail, or mail order pharmacy as ordered by an authorized Provider and only after ¾ of the original Prescription Drug has been used. Benefits for Refills will not be provided beyond one (1) year from the original prescription date. For prescription eye drop medication, We allow for the limited refilling of the prescription prior to the last day of the approved dosage period without regard to any coverage restrictions on early Refill of renewals. To the extent practicable, the quantity of eye drops in the early Refill will be limited to the amount remaining on the dosage that was initially dispensed. Your Cost-Sharing for the limited Refill is the amount that applies to each prescription or Refill as set forth in the Schedule of Benefits section of this Certificate.

C. Benefit and Payment Information.
1. Cost-Sharing Expenses. You are responsible for paying the costs outlined in the Schedule of Benefits section of this Certificate when Covered Prescription Drugs are obtained from a retail or mail order pharmacy.

You have a three (3) tier plan design, which means that Your out-of-pocket expenses will generally be lowest for Prescription Drugs on tier 1 and highest for Prescription Drugs on tier 3. Your out-of-pocket expense for Prescription Drugs on tier 2 will generally be more than for tier 1 but less than tier 3.

An additional charge may apply when a Prescription Drug on a higher tier is dispensed at Your or Your Provider’s request, when a chemically equivalent Prescription Drug is available on a lower tier unless We approve coverage at the higher tier. You will have to pay the difference between the cost of the Prescription Drug on the higher tier and the cost of the Prescription Drug on the lower tier. The cost difference must be paid in addition to the lower tier Copayment or Coinsurance.

You are responsible for paying the full cost (the amount the pharmacy charges You) for any non-Covered Prescription Drug, and Our contracted rates (Our Prescription Drug Cost) will not be available to You.

2. Participating Pharmacies. For Prescription Drugs purchased at a retail or mail order Participating Pharmacy, You are responsible for paying the lower of:
   • The applicable Cost-Sharing; or
   • The Participating Pharmacy’s Usual and Customary Charge (which includes a dispensing fee and sales tax) for the Prescription Drug.

   (Your Cost-Sharing will never exceed the Usual and Customary Charge of the Prescription Drug.)

In the event that Our Participating Pharmacies are unable to provide the Covered Prescription Drug, and cannot order the Prescription Drug within a reasonable time, You may, with Our prior approval, go to a Non-Participating Pharmacy that is able to provide the Prescription Drug. We will pay You the Prescription Drug Cost for such approved Prescription Drug less Your required in-network Cost-Sharing upon receipt of a complete Prescription Drug claim form. Contact Us at the number on Your ID card or visit Our website at www.aetna.com to request approval.

3. Non-Participating Pharmacies. If You purchase a Prescription Drug from a Non-Participating Pharmacy, You must pay for the Prescription Drug at the time it is dispensed and then file a claim for reimbursement with Us. We will not reimburse You for the difference between what You pay the Non-Participating Pharmacy and Our price for the Prescription Drug. In most cases, You will pay more if You purchase Prescription Drugs from a Non-Participating Pharmacy.
4. **Tier Status.** The tier status of a Prescription Drug may change periodically. Changes will generally be quarterly, but no more than six (6) times per calendar year, based on Our periodic tiering decisions. These changes may occur without prior notice to You. However, if You have a prescription for a drug that is being moved to a higher tier (other than a Brand-Name Drug that becomes available as a Generic Drug as described below) We will notify You. When such changes occur, Your out-of-pocket expense may change. You may access the most up to date tier status on Our website at www.aetna.com or by calling the number on Your ID card.

5. **When a Brand-Name Drug Becomes Available as a Generic Drug.** When a Brand-Name Drug becomes available as a Generic Drug, the tier placement of the Brand-Name Prescription Drug may change. If this happens, You will pay the Cost-Sharing applicable to the tier to which the Prescription Drug is assigned.

6. **Formulary Exception Process.** If a Prescription Drug is not on Our Formulary You, Your designee or Your prescribing Health Care Professional may request a Formulary exception for clinically-appropriate Prescription Drug in writing, electronically or telephonically. The request should include a statement from Your prescribing Health Care Professional that all Formulary drugs will be or have been ineffective, would not be as effective as the non-Formulary drug, or would have adverse effects. If coverage is denied under Our standard or expedited Formulary exception process, You are entitled to an external appeal as outlined in the External Appeal section of this Certificate. Visit Our website www.aetna.com or call the number on Your ID card to find out more about this process.

**Standard Review of a Formulary Exception.** We will make a decision and notify You or Your designee and the prescribing Health Care Professional no later than 72 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

** Expedited Review of a Formulary Exception.** If You are suffering from a health condition that may seriously jeopardize Your health, life or ability to regain maximum function or if You are undergoing a current course of treatment using a non-Formulary Prescription Drug, You may request an expedited review of a Formulary exception. The request should include a statement from Your prescribing Health Care Professional that harm could reasonably come to You if the requested drug is not provided within the timeframes for Our standard Formulary exception process. We will make a decision and notify You or Your designee and the prescribing Health Care Professional no later than 24 hours after Our receipt of Your request. If We approve the request, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-Formulary Prescription Drug.

7. **Supply Limits.** We will pay for no more than a 30-day supply of a Prescription Drug purchased at a retail pharmacy or Designated Pharmacy. You are responsible for one (1) Cost-Sharing amount for up to a 30-day supply. However, for Maintenance Drugs We will pay for up to a 90-day supply of a drug purchased at a retail pharmacy. You are responsible for up to three (3) Cost-Sharing amounts for a 90-day supply at a retail pharmacy.

Benefits will be provided for Prescription Drugs dispensed by a mail order pharmacy in a quantity of up to a 90-day supply. You are responsible for one (1) Cost-Sharing amount for a 30-day supply up to a maximum of three (3) Cost-Sharing amounts for a 90-day supply.

Specialty Prescription Drugs may be limited to a 30-day supply when obtained at a retail or mail order pharmacy. You may access Our website www.aetna.com or by calling the number on Your ID card for more information on supply limits for specialty Prescription Drugs.
Some Prescription Drugs may be subject to quantity limits based on criteria that We have developed, subject to Our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply. You can determine whether a Prescription Drug has been assigned a maximum quantity level for dispensing by accessing Our website at www.aetna.com or by calling the number on Your ID card. If We deny a request to Cover an amount that exceeds Our quantity level, You are entitled to an Appeal pursuant to the Utilization Review and External Appeal sections of this Certificate.

8. **Emergency Supply of Prescription Drugs for Substance Use Disorder Treatment.** If you have an Emergency Condition, You may immediately access without Preauthorization, a five (5) day emergency supply of a Prescription Drug for the treatment of a substance use disorder, including a Prescription Drug to manage opioid withdrawal and/or stabilization and for opioid overdose reversal. If You have a Copayment, it will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If you receive an additional supply of the Prescription Drug within the 30-day period in which You received the emergency supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

In this paragraph, “Emergency Condition” means a substance use disorder condition that manifests itself by Acute symptoms of sufficient severity, including sever pain or the expectation of severe pain, such that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:
- Placing the health of the person afflicted with such condition or, with respect to a pregnant woman, the health of the woman or her unborn child in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;
- Serious impairment to such person’s bodily function;
- Serious dysfunction of any bodily organ or part of such person; or
- Serious disfigurement of such person.

9. **Initial Supply of Prescription Opioid Drugs.** If you received an initial limited prescription for a seven (7) day supply of less of any schedule II, III, or IV opioid prescribed for Acute pain, and You have a Copayment, Your Copayment will be the same Copayment that would apply to a 30-day supply of the Prescription Drug. If You receive an additional supply of the Prescription Drug within the same 30-day period in which You received the seven (7) day supply, You will not be responsible for an additional Copayment for the remaining 30-day supply of that Prescription Drug.

10. **Cost-Sharing for Orally-Administered Anti-Cancer Drugs.** Your Cost-Sharing for orally-administered anti-cancer drugs is at least as favorable to You as the Cost-Sharing amount, if any, that applies to intravenous or injected anticancer medications Covered under the Outpatient and Professional Services section of this Certificate.

D. **Medical Management.**
This Certificate includes certain features to determine when Prescription Drugs should be Covered, which are described below. As part of these features, Your prescribing Provider may be asked to give more details before We can decide if the Prescription Drug is Medically Necessary.

1. **Preauthorization.** Preauthorization may be needed for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. When appropriate, Your Provider will be responsible for obtaining Preauthorization for the Prescription Drug. Should You choose to purchase the Prescription Drug without obtaining Preauthorization, You must pay for the cost of the entire Prescription Drug and submit a claim to Us for reimbursement.
For a list of Prescription Drugs that need Preauthorization, please visit Our website at www.aetna.com or call the number on Your ID card. The list will be reviewed and updated from time to time. We also reserve the right to require Preauthorization for any new Prescription Drug on the market or for any currently available Prescription Drug which undergoes a change in prescribing protocols and/or indications regardless of the therapeutic classification, including if a Prescription Drug or related item on the list is not Covered under Your Certificate. Your Provider may check with Us to find out which Prescription Drugs are Covered.

2. **Step Therapy.** Step therapy is a process in which You may need to use one (1) or more types of Prescription Drug before We will Cover another as Medically Necessary. A “step therapy protocol” means Our policy, protocol or program that establishes the sequence in which We approve Prescription Drugs for Your medical condition. When establishing a step therapy protocol, We will use recognized evidence-based and peer reviewed clinical review criteria that also takes into account the needs for atypical patient populations and diagnoses. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help You get high quality and cost-effective Prescription Drugs. The Prescription Drugs that require Preauthorization under the step therapy program are also included on the Preauthorization drug list. If denied step therapy protocol is applicable to Your request for coverage of a Prescription Drug, You, Your designee, or Your Health Care Professional can request a step therapy override determination as outlined in the Utilization Review section of this Certificate.

3. **Therapeutic Substitution.** Therapeutic substitution is an optional program that tells You and Your Providers about alternatives to certain prescribed drugs. We may contact You and Your Provider to make You aware of these choices. Only You and Your Provider can determine if the therapeutic substitute is right for You. We have a therapeutic drug substitutes list, which We review and update from time to time. For questions or issues about therapeutic drug substitutes, visit Our website at www.aetna.com or call the number on Your ID card.

**E. Limitations/Terms of Coverage.**

1. We reserve the right to limit quantities, day supply, early Refill access and/or duration of therapy for certain medications based on Medical Necessity including acceptable medical standards and/or FDA recommended guidelines.

2. If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies may be limited. If this happens, We may require You to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy for You.

3. Compounded Prescription Drugs will be Covered only when they contain at least one (1) ingredient that is a Covered legend Prescription Drug, they are not essentially the same as a Prescription Drug from a manufacturer and are obtained from a pharmacy that is approved for compounding.

4. Various specific and/or generalized “use management” protocols will be used from time to time in order to ensure appropriate utilization of medications. Such protocols will be consistent with standard medical/drug treatment guidelines. The primary goal of the protocols is to provide Our Members with a quality-focused Prescription Drug benefit. In the event a use management protocol is implemented, and You are taking the drug(s) affected by the protocol, You will be notified in advance.
5. Injectable drugs (other than self-administered injectable drugs) and diabetic insulin, oral hypoglycemics, and diabetic supplies and equipment are not Covered under this section but are Covered under other sections of this Certificate.

6. We do not Cover charges for the administration or injection of any Prescription Drug. Prescription Drugs given or administered in a Physician’s office are Covered under the Outpatient and Professional Services section of this Certificate.

7. We do not Cover drugs that do not by law require a prescription, except for smoking cessation drugs, over-the-counter preventive drugs or devices provided in accordance with the comprehensive guidelines supported by HRSA or with an “A” or “B” rating from USPSTF, or as otherwise provided in this Certificate. We do not Cover Prescription Drugs that have over-the-counter non-prescription equivalents, except if specifically designated as Covered in the drug Formulary. Non-prescription equivalents are drugs available without a prescription that have the same name/chemical entity as their prescription counterparts.

8. We do not Cover Prescription Drugs to replace those that may have been lost or stolen.

9. We do not Cover Prescription Drugs dispensed to You while in a Hospital, nursing home, other institution, Facility, or if You are a home care patient, except in those cases where the basis of payment by or on behalf of You to the Hospital, nursing home, Home Health Agency or home care services agency, or other institution, does not include services for drugs.

10. We reserve the right to deny benefits as not Medically Necessary or experimental or investigational for any drug prescribed or dispensed in a manner contrary to standard medical practice. If coverage is denied, You are entitled to an Appeal as described in the Utilization Review and External Appeal sections of this Certificate.

11. A pharmacy need not dispense a Prescription Order that, in the pharmacist’s professional judgment, should not be filled.

F. General Conditions.
   1. You must show Your ID card to a retail pharmacy at the time You obtain Your Prescription Drug or You must provide the pharmacy with identifying information that can be verified by Us during regular business hours.

   2. Drug Utilization, Cost Management and Rebates. We conduct various utilization management activities designed to ensure appropriate Prescription Drug usage, to avoid inappropriate usage, and to encourage the use of cost-effective drugs. Through these efforts, You benefit by obtaining appropriate Prescription Drugs in a cost-effective manner. The cost savings resulting from these activities are reflected in the premiums for Your coverage. We may also, from time to time, enter into agreements that result in Us receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others. Any rebates are based upon utilization of Prescription Drugs across all of Our business and not solely on any one Member’s utilization of Prescription Drugs. Any rebates received by Us may or may not be applied, in whole or part, to reduce premiums either through an adjustment to claims costs or as an adjustment to the administrative expenses component of Our Prescription Drug premiums. Instead, any such rebates may be retained by Us, in whole or part, in order to fund such activities as new utilization management activities, community benefit activities and increasing reserves for the protection of Members. Rebates will not change or reduce the amount of any Copayment or Coinsurance applicable under Our Prescription Drug coverage.

I. Medically Necessary.
In general, We will not Cover any health care service, procedure, treatment, test, device or Prescription Drug that We determine is not Medically Necessary. If an External Appeal Agent certified by the State overturns Our denial, however, We will Cover the service, procedure, treatment, test, device or Prescription Drug for which coverage has been denied, to the extent that such service, procedure, treatment, test, device or Prescription Drug is otherwise Covered under the terms of this Certificate.

J. Medicare or Other Governmental Program.
We do not Cover services if benefits are provided for such services under the federal Medicare program or other governmental program (except Medicaid). When You are eligible for Medicare, We will reduce Our benefits by the amount Medicare would have paid for the Covered Services. Except as otherwise required by law, this reduction is made even if You fail to enroll in Medicare or You do not pay Your Medicare premium. Benefits for Covered Services will not be reduced if We are required by federal law to pay first or if You are not eligible for premium-free Medicare Part A.

K. Military Service.
We do not Cover an illness, treatment or medical condition due to service in the Armed Forces or auxiliary units.

L. Services Not Listed.
We do not Cover services that are not listed in this Certificate as being Covered.

M. Services Provided by a Family Member.
We do not Cover services performed by a member of the covered person’s immediate family. “Immediate family” shall mean a child, spouse, mother, father, sister or brother of You or Your Spouse.

N. Services Separately Billed by Hospital Employees.
We do not Cover services rendered and separately billed by employees of Hospitals, laboratories or other institutions.

O. Services With No Charge.
We do not Cover services for which no charge is normally made.

P. Vision Services.
We do not Cover the examination or fitting of eyeglasses or contact lenses, except as specifically stated in the Pediatric Vision Care sections of this Certificate.

Q. Workers’ Compensation.
We do not Cover services if benefits for such services are provided under any state or federal Workers’ Compensation, employers’ liability or occupational disease law.
SECTION XVIII
Claim Determinations

A. Claims.
A claim is a request that benefits or services be provided or paid according to the terms of this Certificate. When You receive services from a Participating Provider, You will not need to submit a claim form. However, if You receive services from a Non-Participating Provider either You or the Provider must file a claim form with Us. If the Non-Participating Provider is not willing to file the claim form, You will need to file it with Us.

B. Notice of Claim.
Claims for services must include all information designated by Us as necessary to process the claim, including, but not limited to: Member identification number; name; date of birth; date of service; type of service; the charge for each service; procedure code for the service as applicable; diagnosis code; name and address of the Provider making the charge; and supporting medical records, when necessary. A claim that fails to contain all necessary information will not be accepted and must be resubmitted with all necessary information. Claim forms are available from Us by calling the number on Your ID card or visiting Our website at www.aetnastudenthealth.com. Completed claim forms should be sent to the address in the How Your Coverage Works section of this Certificate or on Your ID card. You may also submit a claim to Us electronically by visiting Our website www.aetna.com.

C. Timeframe for Filing Claims.
Claims for services must be submitted to Us for payment within 120 days after You receive the services for which payment is being requested. If it is not reasonably possible to submit a claim within the 120-day period, You must submit it as soon as reasonably possible.

D. Claims for Prohibited Referrals.
We are not required to pay any claim, bill or other demand or request by a Provider for clinical laboratory services, pharmacy services, radiation therapy services, physical therapy services or x-ray or imaging services furnished pursuant to a referral prohibited by Section 238-a(1) of the New York Public Health Law.

E. Claim Determinations.
Our claim determination procedure applies to all claims that do not relate to a medical necessity or experimental or investigational determination. For example, Our claim determination procedure applies to contractual benefit denials and Referrals. If You disagree with Our claim determination, You may submit a Grievance pursuant to the Grievance Procedures section of this Certificate.

For a description of the Utilization Review procedures and Appeal process for medical necessity or experimental or investigational determinations, see the Utilization Review and External Appeal sections of this Certificate.

F. Pre-Service Claim Determinations.
1. A pre-service Claim is a request that a service or treatment be approved before it has been received. If We have all the information necessary to make a determination regarding a pre-service claim (e.g., a covered benefit determination or Referral), We will make a determination and provide notice to You (or Your designee) within 15 days from receipt of the claim.

If We need additional information, We will request it within 15 days from receipt of the claim. You will have 45 calendar days to submit the information. If We receive the information within 45 days, We will make a determination and provide notice to You (or Your designee) in writing, within 15 days of Our receipt of the information. If all necessary information is not received within 45 days, We will make a determination within 15 calendar days of the end of the 45-day period.
2. **Urgent Pre-Service Reviews.** With respect to urgent pre-service requests, if we have all information necessary to make a determination, we will make a determination and provide notice to you (or your designee) by telephone, within 72 hours of receipt of the request. Written notice will follow within three (3) calendar days of the decision. If we need additional information, we will request it within 24 hours. You will then have 48 hours to submit the information. We will make a determination and provide notice to you (or your designee) by telephone within 48 hours of the earlier of our receipt of the information or the end of the 48-hour period. Written notice will follow within three (3) calendar days of the decision.

G. **Post-Service Claim Determinations.**

A post-service claim is a request for a service or treatment that you have already received. If we have all information necessary to make a determination regarding a post-service claim, we will make a determination and notify you (or your designee) within 30 calendar days of the receipt of the claim. If we need additional information, we will request it within 30 calendar days. You will then have 45 calendar days to provide the information. We will make a determination and provide notice to you (or your designee) in writing within 15 calendar days of the earlier of our receipt of the information or the end of the 45-day period.
SECTION XIX

Grievance Procedures

A. Grievances.
Our Grievance procedure applies to any issue not relating to a medical necessity or experimental or investigational determination by Us. For example, it applies to contractual benefit denials or issues or concerns You have regarding Our administrative policies or access to Providers.

B. Filing a Grievance.
You can contact Us by phone at the number on Your ID card, in person, or in writing to file a Grievance. You may submit an oral Grievance in connection with a denial of a Referral or a covered benefit determination. We may require that You sign a written acknowledgement of Your oral Grievance, prepared by Us. You or Your designee has up to 180 calendar days from when You received the decision You are asking Us to review to file the Grievance.

When We receive Your Grievance, We will mail an acknowledgment letter within 15 business days. The acknowledgment letter will include the name, address and telephone number of the person handling Your Grievance, and indicate what additional information, if any, must be provided.

We keep all requests and discussions confidential and We will take no discriminatory action because of Your issue. We have a process for both standard and expedited Grievances, depending on the nature of Your inquiry.

C. Grievance Determination.
Qualified personnel will review Your Grievance, or if it is a clinical matter, a licensed, certified or registered Health Care Professional will look into it. We will decide the Grievance and notify You within the following timeframes:

- **Expedited/Urgent Grievances:** By phone, within the earlier of 48 hours of receipt of all necessary information or 72 hours of receipt of Your Grievance. Written notice will be provided within 72 hours of receipt of Your Grievance.

SECTION XX

Utilization Review

A. Utilization Review.
We review health services to determine whether the services are or were Medically Necessary or experimental or investigational ("Medically Necessary"). This process is called Utilization Review. Utilization Review includes all review activities, whether they take place prior to the service being performed (Preauthorization); when the service is being performed (concurrent); or after the service is performed (retrospective). If You have any questions about the Utilization Review process, please call the number on Your ID card. The toll-free telephone number is available at least 40 hours a week with an after-hours answering machine.

All determinations that services are not Medically Necessary will be made by: 1) licensed Physicians; or 2) licensed, certified, registered or credentialed Health Care Professionals who are in the same profession and same or similar specialty as the Provider who typically manages Your medical condition or disease or provides the health care service under review; or 3) with respect to substance use disorder treatment, licensed Physicians or licensed, certified, registered or credentialed Health Care Professionals who specialize in behavioral health and have experience in the delivery of substance use disorder courses of treatment. We do not compensate or provide financial incentives to Our employees or reviewers for determining that services are not Medically Necessary. We have developed guidelines and protocols to assist Us in this process. For substance use disorder treatment, We will use evidence-based and peer reviewed clinical review tools designated by OASAS that are appropriate to the age of the patient. Specific guidelines and protocols are available for Your review upon request. For more information, call the number on Your ID card or visit Our website at www.aetnastudenthealth.com.

B. Preauthorization Reviews.
1. Non-Urgent Preauthorization Reviews. If We have all the information necessary to make a determination regarding a Preauthorization review, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within three (3) business days of receipt of the request.

If We need additional information, We will request it within three (3) business days. You or Your Provider will then have 45 calendar days to submit the information. If We receive the requested information within 45 days, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within three (3) business days of Our receipt of the information. If all necessary information is not received within 45 days, We will make a determination within 15 calendar days of the end of the 45-day period.

Urgent Preauthorization Reviews. With respect to urgent Preauthorization requests, if We have all information necessary to make a determination, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone, within 72 hours of receipt of the request. Written notice will be provided within three (3) business days of receipt of the request. If We need additional information, We will request it within 24 hours. You or Your Provider will then have 48 hours to submit the information. We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 48 hours of the earlier of Our receipt of the information or the end of the 48 hour period. Written notification will be provided within the earlier of three (3) business days of Our receipt of the information or three (3) calendar days after the verbal notification.
2. **Court Ordered Treatment.** With respect to requests for mental health and/or substance use disorder services that have not yet been provided, if You or (Your designee) certify, in a format prescribed by the Superintendent of Financial Services, that You will be appearing, or have appeared, before a court of competent jurisdiction and may be subject to a court order requiring such services, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 72 hours of receipt of the request. Written notification will be provided within three (3) business days of Our receipt of the request. Where feasible, the telephonic and written notification will also be provided to the court.

C. **Concurrent Reviews.**

1. **Non-Urgent Concurrent Reviews.** Utilization Review decisions for services during the course of care (concurrent reviews) will be made, and notice provided to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of receipt of all necessary information. If We need additional information, We will request it within one (1) business day. You or Your Provider will then have 45 calendar days to submit the information. We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of Our receipt of the information or, if We do not receive the information, within 15 calendar days of the end of the 45-day period.

2. **Urgent Concurrent Reviews.** For concurrent reviews that involve an extension of Urgent Care, if the request for coverage is made at least 24 hours prior to the expiration of a previously approved treatment, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 24 hours of receipt of the request. Written notice will be provided within one (1) business day of receipt of the request.

If the request for coverage is not made at least 24 hours prior to the expiration of a previously approved treatment and We have all the information necessary to make a determination, We will make a determination and provide written notice to You (or Your designee) and Your Provider within the earlier of 72 hours or one (1) business day of receipt of the request. If We need additional information, We will request it within 24 hours. You or Your Provider will then have 48 hours to submit the information. We will make a determination and provide written notice to You (or Your designee) and Your Provider within the earlier of one (1) business day or 48 hours of Our receipt of the information or, if we do not receive the information, within 48 hours of the end of the 48-hour period.

3. **Home Health Care Reviews.** After receiving a request for coverage of home care services following an inpatient Hospital admission, We will make a determination and provide notice to You (or Your designee) and Your Provider, by telephone and in writing, within one (1) business day of receipt of the necessary information. If the day following the request falls on a weekend or holiday, We will make a determination and provide notice to You (or Your designee) and Your Provider within 72 hours of receipt of the necessary information. When We receive a request for home care services and all necessary information prior to Your discharge from an inpatient hospital admission, We will not deny coverage for home care services while Our decision on the request is pending.

4. **Inpatient Substance Use Disorder Treatment Reviews.** If a request for inpatient substance use disorder treatment is submitted to Us at least 24 hours prior to discharge from an inpatient substance use disorder treatment admission, We will make a determination within 24 hours of receipt of the request and We will provide coverage for the inpatient substance use disorder treatment while Our determination is pending.
5. **Inpatient Substance Use Disorder Treatment at Participating OASAS-Certified Facilities.** Coverage for inpatient substance use disorder treatment at a participating OASAS-certified Facility is not subject to Preauthorization. Coverage will not be subject to concurrent review for the first 14 days of the inpatient admission if the OASAS-certified Facility notifies Us of both the admission and the initial treatment plan within 48 hours of the admission. After the first 14 days of the inpatient admission, We may review the entire stay to determine whether it is Medically Necessary and We will use clinical review tools designated by OASAS. If any portion of the stay is denied as not Medically Necessary, You are only responsible for the in-network Cost-Sharing that would otherwise apply to Your inpatient admission.

### D. Retrospective Reviews.

If We have all information necessary to make a determination regarding a retrospective claim, We will make a determination and notify You and Your Provider within 30 calendar days of the receipt of the request. If We need additional information, We will request it within 30 calendar days. You or Your Provider will then have 45 calendar days to provide the information. We will make a determination and provide notice to You and Your Provider in writing within 15 calendar days of the earlier of Our receipt of the information or the end of the 45-day period.

Once We have all the information to make a decision, Our failure to make a Utilization Review determination within the applicable time frames set forth above will be deemed an adverse determination subject to an internal Appeal.

### E. Retrospective Review of Preauthorized Services.

We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

- The relevant medical information presented to Us upon retrospective review is materially different from the information presented during the Preauthorization review;
- The relevant medical information presented to Us upon retrospective review existed at the time of the Preauthorization but was withheld or not made available to Us;
- We were not aware of the existence of such information at the time of the Preauthorization review; and
- Had We been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the Preauthorization review.

### F. Step Therapy Override Determinations

You, Your designee or Your Health Care Professional may request a step therapy protocol override determination for Coverage of a Prescription Drug selected by Your Health Care Professional. When conducting Utilization Review for a step therapy protocol override determination, We will use recognized evidence-based and peer reviewed clinical review criteria that is appropriate for You and Your medical condition.

1. **Supporting Rationale and Documentation.** A step therapy protocol override determination request must include supporting rationale and documentation from a Health Care Professional, demonstrating that:

   - The required Prescription Drug(s) is contraindicated or will likely cause an adverse reaction or physical or mental harm to You;
   - The required Prescription Drug(s) is expected to be ineffective based on Your known clinical history, condition, and Prescription Drug regimen;
   - You have tried the required Prescription Drug(s) while covered by Us or under Your previous health insurance coverage or another Prescription Drug in the same pharmacologic class or with the same mechanism of action, and that Prescription Drug(s) was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;
- You are stable on a Prescription Drug(s) selected by Your Health Care Professional for Your medical condition, provided this does not prevent Us from requiring You to try an AB-rated generic equivalent; or
- The Required Prescription Drug(s) is not in Your best interest because it will likely cause a significant barrier to Your adherence to or compliance with Your plan of care, will likely worsen a comorbid condition, or will likely decrease Your ability to achieve or maintain reasonable functional ability in performing daily activities.

2. **Standard Review.** We will make a step therapy protocol override determination and provide notification to You or Your designee and, where appropriate, Your Health Care Professional, within 72 hours of receipt of the supporting rationale and documentation.

3. ** Expedited Review.** If You have a medical condition that places Your health in serious jeopardy without the Prescription Drug prescribed by Your Health Care Professional, We will make a step therapy protocol override determination and provide notification to You or Your designee and Your Health Care Professional, within 24 hours of receipt of the supporting rationale and documentation.

If the required supporting rationale and documentation are not submitted with a step therapy protocol override determination request. We will request the information within 72 hours for Preauthorization and retrospective reviews, the lesser of 72 hours or one (1) business day for concurrent reviews, and 24 hours for expedited reviews. You (or Your designee) and Your Health Care Professional will have 45 calendar days to submit the information for Preauthorization, concurrent and retrospective reviews, and 48 hours for expedited reviews. For Preauthorization reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For concurrent reviews, We will make a determination and provide notification to You or Your designee and Your Health Care Professional within the earlier of 72 hours or one (1) business day of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For retrospective reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 72 hours of Our receipt of the information or 15 calendar days of the end of the 45-day period if the information is not received. For expedited reviews, We will make a determination and provide notification to You (or Your designee) and Your Health Care Professional within the earlier of 24 hours of Our receipt of the information or 48 hours of the end of the 48-hour period if the information is not received.

If We do not make a determination within 72 hours (or 24 hours for expedited reviews) of receipt of the supporting rationale and documentation, the step therapy protocol override request will be approved.

If We determine that the step therapy protocol should be overridden, We will authorize immediate coverage for the Prescription Drug prescribed by Your treating Health Care Professional. An adverse step therapy override determination is eligible for an Appeal.

G. **Reconsideration.**
If We did not attempt to consult with Your Provider who recommended the Covered Service before making an adverse determination, the Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination or a designated clinical peer reviewer if the original clinical peer reviewer is unavailable. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.
H. Utilization Review Internal Appeals.
You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, in person, or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and, if necessary, inform You of any additional information needed before a decision can be made. The Appeal will be decided by a clinical peer reviewer who is not subordinate to the clinical peer reviewer who made the initial adverse determination and who is (1) a Physician or (2) a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue.

1. Out-of-Network Service Denial. You also have the right to Appeal the denial of a Preauthorization request for an out-of-network health service when We determine that the out-of-network health service is not materially different from an available in-network health service. A denial of an out-of-network health service is a service provided by a Non-Participating Provider, but only when the service is not available from a Participating Provider. For a Utilization Review Appeal of denial of an out-of-network health service, You or Your designee must submit:
   • A written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition, that the requested out-of-network health service is materially different from the alternate health service available from a Participating Provider that We approved to treat Your condition; and
   • Two (2) documents from the available medical and scientific evidence that the out-of-network service: 1) is likely to be more clinically beneficial to You than the alternate in-network service; and 2) that the adverse risk of the out-of-network service would likely not be substantially increased over the in-network health service.

2. Out-of-Network Referral Denial. You also have the right to Appeal the denial of a request for a Referral to a Non-Participating Provider when We determine that We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service. For a Utilization Review Appeal of an out-of-network Referral denial, You or Your designee must submit a written statement from Your attending Physician, who must be a licensed, board-certified or board-eligible Physician qualified to practice in the specialty area of practice appropriate to treat Your condition:
   • That the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs for the health care service; and
   • Recommending a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

I. Standard Appeal.
1. Preauthorization Appeal. If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request.

2. Retrospective Appeal. If Your Appeal relates to a retrospective claim, We will decide the Appeal within 60 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.
3. **Expedited Appeal.** An Appeal of a review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal Appeal or an external appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

4. **Substance Use Appeal.** If We deny a request for inpatient substance use disorder treatment that was submitted at least 24 hours prior to discharge from an inpatient admission, and You or Your Provider file an expedited internal Appeal of Our adverse determination, We will decide the Appeal within 24 hours of receipt of the Appeal request. If You or Your Provider file an expedited internal Appeal and an expedited external appeal within 24 hours of receipt of Our adverse determination, We will also provide coverage for the inpatient substance use disorder treatment while a determination on the internal Appeal and external appeal is pending.

SECTION XXI

External Appeal

A. Your Right to an External Appeal.
In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service is not Medically Necessary (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases); or is an out-of-network treatment, You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two (2) requirements:
- The service, procedure, or treatment must otherwise be a Covered Service under this Certificate; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through Our internal Appeal process if:
  - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
  - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
  - We fail to adhere to Utilization Review claim processing requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right to Appeal a Determination that a Service is Not Medically Necessary.
If We have denied coverage on the basis that the service is not Medically Necessary, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph “A” above.

C. Your Right to Appeal a Determination that a Service is Experimental or Investigational.
If We have denied coverage on the basis that the service is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You must satisfy the two (2) requirements for an external appeal in paragraph “A” above and Your attending Physician must certify that Your condition or disease is one for which:
1. Standard health services are ineffective or medically inappropriate; or
2. There does not exist a more beneficial standard service or procedure Covered by Us; or
3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one (1) of the following:
1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation – Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network or that it affects fewer than 200,000 U.S. residents per year.
For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. Your Right to Appeal a Determination that a Service is Out-of-Network.
If We have denied coverage of an out-of-network treatment because it is not materially different than the health service available in-network, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above, and You have requested Preauthorization for the out-of-network treatment.

In addition, Your attending Physician must certify that the out-of-network service is materially different from the alternate recommended in-network health service, and based on two (2) documents from available medical and scientific evidence, is likely to be more clinically beneficial than the alternate in-network treatment and that the adverse risk of the requested health service would likely not be substantially increased over the alternate in-network health service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

E. Your Right to Appeal an Out-of-Network Referral Denial to a Non-Participating Provider.
If We have denied coverage of a request for a Referral to a Non-Participating Provider because We determine We have a Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service, You may appeal to an External Appeal Agent if You meet the two (2) requirements for an external appeal in paragraph “A” above.

In addition, Your attending Physician must: 1) certify that the Participating Provider recommended by Us does not have the appropriate training and experience to meet Your particular health care needs; and 2) recommend a Non-Participating Provider with the appropriate training and experience to meet Your particular health care needs who is able to provide the requested health care service.

For purposes of this section, Your attending Physician must be a licensed, board certified or board eligible Physician qualified to practice in the specialty area appropriate to treat You for the health service.

F. Your Right to Appeal a Formulary Exception Denial.
If We have denied Your request for coverage of a non-formulary Prescription Drug through Our formulary exception process, You, Your designee or the prescribing Health Care Professional may appeal the formulary exception denial to an External Appeal Agent. See the Prescription Drug section of this Certificate for more information on the formulary exception process.

G. The External Appeal Process.
You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.
We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal timeline would seriously jeopardize Your life, health or ability to regain maximum function; or if You received Emergency Services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 72 hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If Your internal formulary exception request received a standard review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 72 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You are taking the Prescription Drug, including any refills.

If Your internal formulary exception request received an expedited review through Our formulary exception process, the External Appeal Agent must make a decision on Your external appeal and notify You or Your designee and the prescribing Health Care Professional within 24 hours of receipt of Your completed application. If the External Appeal Agent overturns Our denial, We will Cover the Prescription Drug while You suffer from the health condition that may seriously jeopardize Your health, life or ability to regain maximum function or for the duration of Your current course of treatment using the non-formulary Prescription Drug.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment or an out-of-network treatment, We will provide coverage subject to the other terms and conditions of this Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under this Certificate for non-investigational treatments provided in the clinical trial.
The External Appeal Agent’s decision is binding on both You and Us. The External Appeal Agent’s decision is admissible in any court proceeding.

We will charge You a fee of $25 for each external appeal, not to exceed $75 in a single Plan Year. The external appeal application will explain how to submit the fee. We will waive the fee if We determine that paying the fee would be a hardship to You. If the External Appeal Agent overturns the denial of coverage, the fee will be refunded to You.

H. Your Responsibilities.

It is Your responsibility to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.
SECTION XXII
Termination of Coverage

Coverage under this Certificate will automatically be terminated on the first of the following to apply:

1. The Student has failed to pay Premiums within 30 days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.

2. The date on; end of the month in which the Student ceases to meet the eligibility requirements as defined by the Policyholder. We will provide written notice to the Student at least 30 days prior to when the coverage will cease.

3. Upon the Student’s death, coverage will terminate unless the Student has coverage for Dependents. If the Student has coverage for Dependents, then coverage will terminate as of the last day of the month for which the Premium has been paid.

4. For Spouses in cases of divorce, the date of the divorce.

5. For Children, until the end of the year in which the Child turns 26 years of age.

6. For all other Dependents, the end of the year in which the Dependent ceases to be eligible.

7. The end of the month during which the Student provides written notice to Us requesting termination of coverage, or on such later date requested for such termination by the notice.

8. If a Student or the Student’s Dependent has performed an act that constitutes fraud or the Student has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Us to the Student and/or the Student’s Dependent, as applicable. If termination is a result of the Student’s action, coverage will terminate for the Student and any Dependents. If termination is a result of the Dependent’s action, coverage will terminate for the Dependent.

9. The date that the Policyholder’s Policy is terminated. If We terminate and/or decide to stop offering a particular class of policies, without regard to claims experience or health related status, to which this Certificate belongs, We will provide the Policyholder and Students at least 90 days’ prior written notice.

10. If We elect to terminate or cease offering student accident and health insurance coverage in this state, We will provide written notice to the Policyholder at least 180 days prior to when the coverage will cease.

11. The Policyholder has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

12. For such other reasons that are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.
SECTION XXIII

Extension of Benefits

When Your coverage under this Certificate ends, benefits stop. If You are totally disabled on the date Your coverage under this Certificate terminates, continued benefits may be available for the treatment of the injury or sickness that is the cause of the total disability. If you are pregnant on the date Your coverage under this Certificate terminates, continued benefits may be available for Your maternity care.

A. When You May Continue Benefit.
   1. If You are totally disabled on the date Your coverage under this Certificate terminates, We will continue to pay for Your care under this Certificate during an uninterrupted period of total disability until the first of the following:
      - The date You are no longer totally disabled; or
      - 90 days from the date extended benefits began (if Your benefits are extended based on termination of Student status)
   2. If You are pregnant on the date Your coverage under this Certificate terminates, We will continue to pay for Your maternity care under this Certificate through delivery and any post-partum services directly related to the delivery.

B. Limits on Extended Benefits.
   We will not pay extended benefits:
   - For any Member who is not totally disabled or pregnant on the date coverage under this Certificate ends; or
   - Beyond the extent to which We would have paid benefits under this Certificate if coverage had not ended.
SECTION XXIV

Temporary Suspension Rights for Armed Forces’ Members

If You, the Student, are a member of a reserve component of the armed forces of the United States, including the National Guard, You have the right to temporary suspension of coverage during active duty and reinstatement of coverage at the end of active duty if:

1. Your active duty is extended during a period when the president is authorized to order units of the reserve to active duty, provided that such additional active duty is at the request and for the convenience of the federal government; and
2. Your service ends during the Plan Year for which this Certificate is effective.

You must make written request to Us to have Your coverage suspended during a period of active duty. Your unearned Premiums will be refunded during the period of such suspension.

Upon completion of active duty, Your coverage may be resumed as long as You:

1. Make written application to Us; and
2. Remit the Premium within 60 days of the termination of active duty.

The right of resumption extends to coverage for Your Dependents. For coverage that was suspended while on active duty, coverage will be retroactive to the date on which active duty terminated.
SECTION XXV

General Provisions

1. Agreements Between Us and Participating Providers.
Any agreement between Us and Participating Providers may only be terminated by Us or the Providers. This Certificate does not require any Provider to accept a Member as a patient. We do not guarantee a Member’s admission to any Participating Provider or any health benefits program.

2. Assignment.
You cannot assign any benefits under this Certificate or legal claims based on a denial of benefits to any person, corporation or other organization. Any assignment of benefits or legal claims based on a denial of benefits by You other than for monies due for a surprise bill will be void. Assignment means the transfer to another person or to an organization of Your right to the services provided under this Certificate. However, You may request Us to make payment for services directly to Your Provider instead of You. Nothing in this paragraph shall affect Your right to appoint a designee or representative as otherwise permitted by applicable law.

3. Choice of Law.
This Certificate shall be governed by the laws of the State of New York.

Clerical error, whether by the Policyholder or Us, with respect to this Certificate, or any other documentation issued by Us in connection with this Certificate, or in keeping any record pertaining to the coverage hereunder, will not modify or invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated.

5. Conformity with Law.
Any term of this Certificate which is in conflict with New York State law or with any applicable federal law that imposes additional requirements from what is required under New York State law will be amended to conform with the minimum requirements of such law.

6. Continuation of Benefit Limitations.
Some of the benefits in this Certificate may be limited to a specific number of visits, and/or subject to a Deductible. You will not be entitled to any additional benefits if Your coverage status should change during the year. For example, if Your coverage status changes from covered family member to Student, all benefits previously utilized when You were a covered family member will be applied toward Your new status as a Student.

7. Entire Agreement.
This Certificate including any endorsements, riders and the attached applications, if any, constitutes the entire Certificate.

8. Furnishing Information and Audit.
All persons covered under this Certificate will promptly furnish Us with all information and records that We may require from time to time to perform Our obligations under this Certificate. You must provide Us with information over the telephone for reasons such as the following: to allow Us to determine the level of care You need; so that We may certify care authorized by Your Physician; or to make decisions regarding the Medical Necessity of Your care. The Policyholder will, upon reasonable notice, make available to Us, and We may audit and make copies of, any and all records relating to enrollment at the Policyholder’s New York office.
9. Identification Cards.
Identification ("ID") cards are issued by Us for identification purposes only. Possession of any ID card confers no right to services or benefits under this Certificate. To be entitled to such services or benefits, Your Premiums must be paid in full at the time the services are sought to be received.

10. Incontestability.
No statement made by the Student in an application for coverage under this Policy shall avoid the Policy or be used in any legal proceeding unless the application or an exact copy is attached to this Policy.

11. Independent Contractors.
Participating Providers are independent contractors. They are not Our agents or employees. We and Our employees are not the agent or employee of any Participating Provider. We are not liable for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries alleged to be suffered by You, or Your covered Spouse or Children while receiving care from any Participating Provider or in any Participating Provider's Facility.

12. Material Accessibility.
We will give the Policyholder and the Policyholder will give You: ID cards, Certificates, riders and other necessary materials.

You can request additional information about Your coverage under this Certificate. Upon Your request, We will provide the following information:
- A list of the names, business addresses and official positions of Our board of directors, officers and members; and Our most recent annual certified financial statement which includes a balance sheet and a summary of the receipts and disbursements.
- The information that We provide the State regarding Our consumer complaints.
- A copy of Our procedures for maintaining confidentiality of Member information.
- A copy of Our drug formulary. You may also inquire if a specific drug is Covered under this Certificate.
- A written description of Our quality assurance program.
- A copy of Our medical policy regarding an experimental or investigational drug, medical device or treatment in clinical trials.
- Provider affiliations with participating Hospitals.
- A copy of Our clinical review criteria, and where appropriate, other clinical information We may consider regarding a specific disease, course of treatment or Utilization Review guidelines.
- Written application procedures and minimum qualification requirements for Providers.

Any notice that We give You under this Certificate will be mailed to Your address as it appears in Our records. You agree to provide Us with notice of any change of Your address. If You have to give Us any notice, it should be sent by U.S. mail, first class, postage prepaid to: the address on Your ID card.

15. Premium Refund.
We will give any refund of Premiums which are paid by You, if due, to You.

On occasion, a payment will be made to You when You are not covered, for a service that is not Covered, or which is more than is proper. When this happens, We will explain the problem to You and You must return the amount of the overpayment to Us within 60 days after receiving notification from Us. However, We shall not initiate overpayment recovery efforts more than 24 months after the original payment was made unless We have a reasonable belief of fraud or other intentional misconduct.
17. Reinstatement after Default.
If the Student defaults in making any payment this Policy, the subsequent acceptance of payment by Us or by one of Our authorized agents or brokers shall reinstate the Policy.

18. Right to Develop Guidelines and Administrative Rules.
We may develop or adopt standards that describe in more detail when We will or will not make payments under this Certificate. Examples of the use of the standards are to determine whether: Hospital inpatient care was Medically Necessary; surgery was Medically Necessary to treat Your illness or injury; or certain services are skilled care. Those standards will not be contrary to the descriptions in this Certificate. If You have a question about the standards that apply to a particular benefit, You may contact Us and We will explain the standards or send You a copy of the standards. We may also develop administrative rules pertaining to enrollment and other administrative matters. We shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the administration of this Certificate.

We review and evaluate new technology according to technology evaluation criteria developed by Our medical directors and reviewed by a designated committee, which consists of Health Care Professionals from various medical specialties. Conclusions of the committee are incorporated into Our medical policies to establish decision protocols for determining whether a service is Medically Necessary, experimental or investigational, or included as a covered benefit.

19. Right to Offset.
If We make a claim payment to You or on Your behalf in error or You owe Us any money, You must repay the amount You owe Us. Except as otherwise required by law, if We owe You a payment for other claims received, We have the right to subtract any amount You owe Us from any payment We owe You.

20. Severability.
The unenforceability or invalidity of any provision of this Certificate shall not affect the validity and enforceability of the remainder of this Certificate.

21. Significant Change in Circumstances.
If We are unable to arrange for Covered Services as provided under this Certificate as the result of events outside of Our control, We will make a good faith effort to make alternative arrangements. These events would include a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil insurrection, disability of a significant part of Participating Providers’ personnel, or similar causes. We will make reasonable attempts to arrange for Covered Services. We and Our Participating Providers will not be liable for delay, or failure to provide or arrange for Covered Services if such failure or delay is caused by such an event.

22. Subrogation and Reimbursement.
These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for Your injury, illness or other condition and We have provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, We may be subrogated to all rights of recovery against any such party (including Your own insurance carrier) for the benefits We have provided to You under this Certificate. Subrogation means that We have the right, independently of You, to proceed directly against the other party to recover the benefits that We have provided.
Subject to applicable state law, unless preempted by federal law, We may have a right of reimbursement if You or anyone on Your behalf receives payment from any responsible party (including Your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which We provided benefits. Under Section 5-335 of the New York General Obligations Law, Our right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that You did not take any action against Our rights or violate any contract between You and Us. The law presumes that the settlement between You and the responsible party does not include compensation for the cost of health care services for which We provided benefits.

We request that You notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by You for which We have provided benefits. You must provide all information requested by Us or Our representatives including, but not limited to, completing and submitting any applications or other forms or statements as We may reasonably request.

23. Third Party Beneficiaries.
No third party beneficiaries are intended to be created by this Certificate and nothing in this Certificate shall confer upon any person or entity other than You or Us any right, benefit, or remedy of any nature whatsoever under or by reason of this Certificate. No other party can enforce this Certificate’s provisions or seek any remedy arising out of either Our or Your performance or failure to perform any portion of this Certificate, or to bring an action or pursuit for the breach of any terms of this Certificate.

24. Time to Sue.
No action at law or in equity may be maintained against Us prior to the expiration of 60 days after written submission of a claim has been furnished to Us as required in this Certificate. You must start any lawsuit against Us under this Certificate within three (3) years from the date the claim was required to be filed.

25. Translation Services.
Translation services are available under this Certificate for non-English speaking Members. Please contact Us at the number on Your ID card to access these services.

26. Waiver.
The waiver by any party of any breach of any provision of this Certificate will not be construed as a waiver of any subsequent breach of the same or any other provision. The failure to exercise any right hereunder will not operate as a waiver of such right.

27. Who May Change this Certificate.
This Certificate may not be modified, amended, or changed, except in writing and signed by Our Chief Executive Officer (“CEO”) or a person designated by the CEO. No employee, agent, or other person is authorized to interpret, amend, modify, or otherwise change this Certificate in a manner that expands or limits the scope of coverage, or the conditions of eligibility, enrollment, or participation, unless in writing and signed by the CEO or person designated by the CEO.

28. Who Receives Payment under this Certificate.
Payments under this Certificate for services provided by a Participating Provider will be made directly by Us to the Provider. If You receive services from a Non-Participating Provider, We reserve the right to pay either You or the Provider. If You assign benefits for a surprise bill to Your Non-Participating Provider, We will pay the Non-Participating Provider directly. See the How Your Coverage Works section of this Certificate for more information about surprise bills.
29. **Workers’ Compensation Not Affected.**
The coverage provided under this Certificate is not in lieu of and does not affect any requirements for coverage by workers’ compensation insurance or law.

30. **Your Medical Records and Reports.**
In order to provide Your coverage under this Certificate, it may be necessary for Us to obtain Your medical records and information from Providers who treated You. Our actions to provide that coverage include processing Your claims, reviewing Grievances, Appeals or complaints involving Your care, and quality assurance reviews of Your care, whether based on a specific complaint or a routine audit of randomly selected cases. By accepting coverage under this Certificate, You automatically give Us or Our designee permission to obtain and use Your medical records for those purposes and You authorize each and every Provider who renders services to You to:

- Disclose all facts pertaining to Your care, treatment, and physical condition to Us or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim, or in connection with a complaint or quality of care review;
- Render reports pertaining to Your care, treatment, and physical condition to Us, or to a medical, dental, or mental health professional that We may engage to assist Us in reviewing a treatment or claim; and
- Permit copying of Your medical records by Us.

We agree to maintain Your medical information in accordance with state and federal confidentiality requirements. However, You automatically give Us permission to share Your information with the New York State Department of Health, quality oversight organizations, and third parties with which We contract to assist Us in administering this Certificate, so long as they also agree to maintain the information in accordance with state and federal confidentiality requirements.
SECTION XXVI

Student Accident and Sickness Insurance

Certificate of Coverage Amendment

Policyholder: Stony Brook University
Policy No.: 890444
Effective Date: This Amendment is effective on the later of:
August 16, 2017; or
The date a person becomes a covered person under the Student Accident & Sickness Policy.

The Student Accident and Sickness Insurance Policy (Policy) noted above has been changed.

Except as modified or superseded by this Amendment, all other terms and conditions in the Policy remain unchanged and in full force and effect.

The following has been added to the Policy:

SECTION XXVII

Amendment for Court Ordered Treatment

This amends Your Certificate to provide Utilization Review for court ordered treatment.

A. Court Ordered Treatment
With respect to requests for mental health and/or substance use disorder services that have not yet been provided, if You or (Your designee) certify, in a format prescribed by the Superintendent of Financial Services, that You will be appearing, or have appeared, before a court of competent jurisdiction and may be subject to a court order requiring such services, We will make a determination and provide notice to You (or Your designee) and Your Provider by telephone within 72 hours of receipt of the request. Written notification will be provided within three (3) business days of Our receipt of the request. Where feasible, the telephonic and written notification will also be provided to the court.

B. Expedited Appeal
An Appeal of a review of continued or extended health care service, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, mental health and/or substance use disorder services that may be subject to a court order, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.
C. Controlling Certificate
   All of the terms, conditions, limitations, and exclusions of Your Certificate to which this amendment is attached shall also apply to this amendment except where specifically changed by this amendment.

This amendment makes no other changes to the Policy, Certificate of Coverage, and Schedule of Benefits.

Student Accident and Sickness Insurance

Policy Amendment

Policyholder: Stony Brook University
Policy No.: 890444
Effective Date: This Amendment is effective on the later of:

- August 16, 2017; or
- The date a person becomes a covered person under the Student Accident & Sickness Policy.

The Student Accident and Sickness Insurance Policy (Policy) noted above has been changed.

Except as modified or superseded by this Amendment, all other terms and conditions in the Policy remain unchanged and in full force and effect.

The following is a summary of the changes in the Policy. This amendment is effective on the date(s) shown above.

The “Discontinuance of Policy” provision appearing in the General Provisions section of the Policy is hereby deleted and replaced with the following:

**DISCONTINUANCE OF POLICY** - The Policyholder may terminate the Policy as to any or all coverage of all or any class of students. We must be given written notice. The notice must state when such termination shall occur. The termination date shall not be earlier than 31 days after the date of the notice unless it is agreed to by the Policyholder and Us. It must be a date after the notice. It shall not be effective during a period for which a premium has been paid to Us as to the coverage.

We have the right to terminate the Policy as to all or any class of students of a Policyholder at any time after the end of the grace period if the premium for student coverage has not been paid. We must give written notice of the termination date. This right is subject to the terms of any laws or regulations.

We may also terminate the Policy in its entirety or as to any or all coverage of all or any class of students by giving the Policyholder advance written notice of when it will terminate. The date shall not be earlier than 90 days after the date of the notice unless it is agreed to by the Policyholder and Us.

If:

- The Policy terminates as to any of the students of a Policyholder; and
- Premiums have not been paid for the period the Policy was in force for those students;

then the Policyholder shall be liable to Us for the unpaid premiums.
This amendment makes no other changes to the Policy.
