This student comprehensive accident and health plan fulfills the definition of Creditable Coverage explained in the Health Insurance Portability and Accountability Act (HIPAA) of 1996. If you’d like a certification of coverage, just call Member Services at 877-373-0741.

How your plan works
Your Aetna Student Comprehensive Accident and Health Plan allows you to choose where to receive care- from a participating provider1, or a non-participating provider.

Option 1: Visit Student Health Service or a participating provider1
Participating providers contract with Aetna to offer you rates that are often much lower than their regular fees. This helps you save. Your participating provider will provide care and:
• Get approval from Aetna before giving you certain services;
• File claims for you.

Option 2: Go to a non-participating provider1
You can visit any licensed provider. Your non-participating provider will provide care; however, you may be responsible to:
• Get approval from Aetna before receiving certain services;
• File your own claims;
• Pay the difference between the amount paid by your Plan and the amount charged by your provider.

This non-participating provider option typically costs you more.

When does my coverage under the student health plan end?
Coverage under your Plan will automatically be terminated on the first of the following to apply:
• The Student has failed to pay Premiums within thirty (30) days of when Premiums are due. Coverage will terminate as of the last day for which Premiums were paid.
• The end of the month in which the student ceases to meet the eligibility requirements as defined by the Policyholder. Aetna will provide written notice to the student at least thirty (30) days prior to when the coverage will cease.
• Upon the student’s death, coverage will terminate unless the student has coverage for dependents. If the student has coverage for dependents, then coverage will terminate as of the last day of the month for which the premium has been paid.
• For spouses in cases of divorce, the date of the divorce.
• For children, until the end of the year in which the child turns twenty-six (26) years of age.
• For all other dependents, the end of the year in which the dependent ceases to be eligible.
• The end of the month during which the student provides written notice to Aetna requesting termination of coverage, or on such later date requested for such termination by the notice.
• If a student or the student’s dependent has performed an act that constitutes fraud or the student has made an intentional misrepresentation of material fact in writing on his or her enrollment application, or in order to obtain coverage for a service, coverage will terminate immediately upon written notice of termination delivered by Aetna to the student and/or the Student’s Dependent, as applicable.
• The date that the Policyholder’s Policy is terminated. If Aetna terminates and/or decides to stop offering a particular class of policies, without regard to claims experience or health related status, to which the Certificate belongs, Aetna will provide the
Policyholder and students at least ninety (90) days’ prior written notice.

- If Aetna elects to terminate or cease offering student accident and health insurance coverage in the State of New York, Aetna will provide written notice to the Policyholder and student at least one hundred eighty (180) days prior to when the coverage will cease.

- The Policyholder has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of the coverage.

- For such other reasons that are acceptable to the superintendent and authorized by the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and any later amendments or successor provisions, or by any federal regulations or rules that implement the provisions of the Act.

No termination shall prejudice the right to a claim for benefits which arose prior to such termination.

**Important information regarding incapacitated dependent children:**

Any unmarried dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the New York Mental Hygiene Law), or physical handicap and who became so incapable prior to attainment of the age at which the child’s coverage would otherwise terminate and who is chiefly dependent upon you for support and maintenance, will remain covered while your insurance remains in force and your child remains in such condition. You have 31 days from the date of your child’s attainment of the termination age to submit an application to request that the child be included in your coverage and proof of the child’s incapacity. Aetna has the right to request and be furnished with such proof as may be needed to determine eligibility status of a prospective or covered student and all other prospective or covered members in relation to eligibility for coverage under the Certificate at any time.

**Important note regarding coverage for a newborn infant or newly adopted child:**

If a covered student has a newborn or adopted newborn child and Aetna receives notice of such birth within thirty (30) days thereafter, coverage for the student’s newborn starts at the moment of birth; otherwise, coverage begins on the date on which Aetna receives notice. Your adopted newborn child will be covered from the moment of birth if you take physical custody of the infant as soon as the infant is released from the hospital after birth and you file a petition pursuant to Section 115-c of the New York Domestic Relations Law within sixty (60) days of the infant’s birth; and provided further that no notice of revocation to the adoption has been filed pursuant to Section 115-b of the New York Domestic Relations Law, and consent to the adoption has not been revoked. However, Aetna will not provide hospital benefits for the adopted newborn’s initial hospital stay if one of the infant’s natural parents has coverage for the newborn’s initial hospital stay. If the covered student has individual or individual and spouse coverage, the covered student must also notify Aetna or his or her desire to switch to parent and child/children or family coverage and pay any additional premium within thirty (30) days of the birth or adoption in order for coverage to start at the moment of birth. Otherwise, coverage begins on the date on which Aetna receives notice provided that You pay any additional Premium when due.

If you need information or have general questions on dependent enrollment, call Member Services at 877-373-0741.

**Important provisions of the student health plan**

**State mandated benefits**

Aetna will pay benefits in accordance with applicable New York State Insurance Law(s).

**Recovery of overpayment**

On occasion, a payment will be made to you when you are not covered, for a service that is not covered, or which is more than is proper. When this happens, Aetna will explain the problem to you and you must return the amount of the overpayment to Aetna within sixty (60) days after receiving notification from Aetna. However, Aetna shall not initiate overpayment recovery efforts more than twenty-four (24) months after the original payment was made unless Aetna has a reasonable belief of fraud or other intentional misconduct.

**Reimbursement and subrogation**

These paragraphs apply when another party (including any insurer) is, or may be found to be, responsible for your injury, illness or other condition and Aetna has provided benefits related to that injury, illness or condition. As permitted by applicable state law, unless preempted by federal law, Aetna may be subrogated to all rights of recovery against any such party (including your own insurance carrier) for the benefits Aetna has provided to you under the Certificate. Subrogation means that Aetna has the right, independently of you, to proceed directly against the other party to recover the benefits that Aetna has provided.

Subject to applicable state law, unless preempted by federal law, Aetna may have a right of reimbursement if you or anyone on your behalf receives payment from any responsible party (including your own insurance carrier) from any settlement, verdict or insurance proceeds, in connection with an injury, illness, or condition for which Aetna provided benefits. Under Section 5-335 of the New York General Obligations Law, Aetna’s right of recovery does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists. The law also provides that, when entering into a settlement, it is presumed that you did not take any action against Aetna’s rights or violate any contract between you and Aetna. The law presumes that the settlement between you and the responsible party does not apply when a settlement is reached between a plaintiff and defendant, unless a statutory right of reimbursement exists.

877-373-0741
Aetna requests that you notify Aetna within thirty (30) days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness or condition sustained by you for which Aetna has provided benefits. You must provide all information requested by Aetna or Aetna’s representatives including, but not limited to, completing and submitting any applications or other forms or statements as Aetna may reasonably request.

**Claim Procedure**

On occasion, the claims investigation process will require additional information in order to properly settle the claim. Aetna will handle this review.

Member Services Representatives are available 8:30 a.m. to 5:30 p.m. EST, Monday through Friday, for any questions by calling 877-373-0741.

You can send claims to:

Aetna Student Health
PO Box 981106
El Paso, TX 79998

A few things to keep in mind:

1. Bills must be submitted within one hundred twenty 120 days from the date of service;
2. Payment for Covered Medical Expenses will be made directly to the hospital or provider you visited, unless bill receipts and proof of payment are submitted;
3. If you have itemized medical bills, submit them with the Aetna Medical claim form. Subsequent medical bills should be mailed promptly to the above address;
4. You will receive an “Explanation of Benefits” when your claims are processed. The Explanation of Benefits will explain how your claim was processed, according to the benefits of your Plan.

When you fill a covered prescription, present your ID card to a Preferred Pharmacy along with any Copay and/or Deductible. The pharmacy will bill Aetna for the cost of the drug plus a dispensing fee. They’ll subtract the Copay and/or the Deductible amount from the total.

When you need to fill a prescription and do not have your ID card with you, you can still get your prescription and be reimbursed by submitting a completed Aetna Prescription Drug claim form. You’ll be reimbursed for covered medications, minus any applicable Copay and/or Deductible amount. You can refer to the Plan Design and Benefits Summary to find out more about the benefits for prescription drugs.

**Foreign Claims**

Your plan may reimburse you for services provided when care is rendered outside of the United States, subject to the terms of the Master Policy.

Whenever coverage provided by any insurance policy is in violation of any U.S., U.N. or EU economic or trade sanctions, such coverage shall be null and void. For example, Aetna companies cannot pay for health care services provided in a country under sanction by the United States unless permitted under a written Office of Foreign Asset Control (OFAC) license. Learn more on the U.S. Treasury’s website at: www.treasury.gov/resource_center/sanctions.

**Grievances and Appeals**

Appeals Resolution Team
PO Box 14464

A final adverse benefit determination notice may also provide an option to request an External Review (if available).
